## Highway 5 Improvement Needs

Highway 5 is an A Minor Arterial roadway that connects neighborhoods, cities, job centers, and regional destinations. Its primary purpose is to move traffic safely and efficiently.

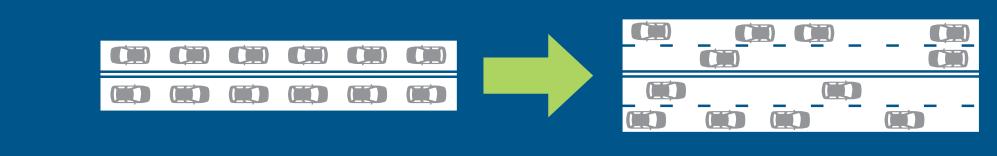

## **Crash Issues**

Intersections with a critical index above 1.0 indicate a strong likelihood of a geometric design, access, or traffic control issue.

## **POPULATION** TRAFFIC **GROWTH INCREASE BY 2040 BY 2040** Chaska **Victoria** 10,700 more **54%** 35% east/west trips Chanhassen Carver Co. through study area 39% 49% LANDSCAPE ARBORETUM VISITORS 460,000 annual visitors 5-10% growth over next 10 years Minnesota Landscape **ARBORETUM**

## **PROPOSED 4-LANE EXPANSION**

Expanding to 4-lanes would reduce delay by 70-80% for 2040 predicted traffic volumes.
