**Subject:** Re: So it was hot in the board room today?

Thank you Karen for this update I hope you and the family had a great Easter. Thank you so much for your leadership over the years. Friends in Carver county, it's never too late to do the right thing. I repeat it's never too late to do the right thing. I've been all through the state there's no reason on Earth why you all cannot resolve these issue out there in Carver county. You simply choose not to. Before for warned Tim and Dave you're next to fall as the last former board chair did in you last election cycle around these issues. It's a shame we have to do this extra b\*\*\*\*\*. It really is a shame. Tim, I need you to work with Randy M, yes even though he's no longer a commissioner he's up to his neck in this. As you and Dave are. Work with Tom and Matt. contact Wendy over at the Minnesota broadcast association and start twisting \*\*\*\*\*. Thanks Thomas "Sam Cooke" Ross. As you all know I have 10 now 30 years of blood sweat and tears on this issue. Get this done !!! Dave please be advised. This is my public statement for the May board meeting this is my post feel free to rephrase my Minnesota broadcast association comments. LOL
