UPCOMING MEETINGS

November 8, 2011No Work SessionNovember 15, 20114:00 p.m. Board MeetingNovember 22, 20119:15 a.m. Board Meeting

A Regular Session of the Carver County Board of Commissioners was held in the County Government Center, Chaska, on October 25, 2011. Chair Randy Maluchnik convened the session at 9:15 a.m.

Members present: Randy Maluchnik, Chair, Tim Lynch, Vice Chair, Gayle Degler, James Ische and Tom Workman.

Members absent: None.

Under public comments, Libby Fairchild, Chaska, explained the Carver County Red Cross chapter was merged with the Twin Cities Chapter and she is currently serving on the Twin Cities Board. She stated Red Cross will continue to have a presence in the County and will continue blood drives, help with floods and pointed out the new "Holiday Mail for Heroes" initiative she would like to bring into Carver County. She explained holiday cards would be collected at the libraries and distributed to veterans homes and sent overseas to military personnel.

She stated she also serves as Chair of the Chaska Human Rights Commission and extended an invitation for the Board to attend the League of Minnesota Human Rights Commissions 40 year anniversary celebration event that would be held at the Oak Ridge Conference Center.

Sheriff Olson pointed out on October 29th they would be sponsoring a "Drug Take Back" event for residents of Carver County. He noted the drop off locations and that they were hoping to have a permanent take back program in place in a couple of months.

Degler moved, Lynch seconded, to approve the agenda. Motion carried unanimously.

Workman moved, Ische seconded, to approve the minutes of the October 18, 2011, Regular Session. Motion carried unanimously.

Community announcements were made by the Board.

Ische moved, Lynch seconded, to approve the following consent agenda items:

Approved the Adult Mental Health Plan.

Approved the lease agreement with the Minnesota Astronomical Society and authorized the Chair and County Administrator to sign the lease agreement.

Community Social Services' actions.

Approved payment of the following Commissioners' warrants:

INSERT

Motion carried unanimously.

Degler moved, Workman seconded, to adjourn the Regular Session at 9:25 a.m. Motion carried unanimously.

Communities: Create and maintain safe, healthy, and livable communities

BACKGROUND/JUSTIFICATION:

The National Association of Counties (NACo) through a partnership with CVS Caremark provides a free prescription discount card program exclusively for NACo member counties to offer to their residents. The card gives discounts on prescriptions for residents who are uninsured, underinsured, seniors and pet owners in the county.

Carver County benefits from the program by being able to offer county residents a no-cost alternative to paying full price for prescriptions. Residents benefit from the program by saving an average of 24% off the full retail cost of prescriptions that are not covered under their insurance. There is no cost for a resident as well as no forms to fill out, no age or income requirements and no medical condition restrictions.

If approved, Carver County will enter into a membership agreement/contract amendment which will allow the County to join the agreement between NACo and Caremark. Currently, about 40 Minnesota Counties participate in the national program.

If the Board approves participation, it takes about 10 weeks before cards will be ready to market and distribute. Cards will be available at the Government Center, First Street Center, Libraries and Jail. The County will also work with local senior centers and other potential stakeholders on distributing the cards. Cards will be available for download on the County's website. The cards can be used immediately at any participating pharmacy. Nine out of ten pharmacies participate in the program.

There is no cost for the County to participate in the program and staff time involved in setting up and maintaining the program is minimal.

The NACo Prescription Discount Program is not insurance.

ACTION REQUESTED:

Motion to enter into a membership agreement/contract amendment with the National Association of Counties and Caremark to join the NACo Prescription Discount Card Program.

BACKGROUND/JUSTIFICATION:

TMDL Implementation Program –the Total Maximum Daily Load (TMDL) Implementation Plan for the Bevens, Carver, & Silver Creek Watersheds was approved by the state (MPCA) and the County Board in 2007. The implementation plan calls for a reduction of fecal loads sources in the watersheds, mainly agricultural manure source runoff and direct discharge SSTS systems. The County Board has approved a landowner incentive program annually since 2008 that has proved successful.

The TMDL implementation plan is continuing through the use of grants funds (previously accepted and approved by the Board). Staff is requesting the Board to formally recognize and continue the direct discharge program through 2011. Funding for SSTS incentives was approved by the Board in the 2011 WMO budget. The attached map shows the priority sub-watersheds for 2011, & the attached resolution provides further background.

Funding is derived from the CCWMO levy funds (for direct incentive) and state grants (for the loan portion).

BOARD OF COUNTY COMMISSIONERS CARVER COUNTY, MINNESOTA

DATE: October 25, 2011 MOTION BY COMMISSIONER: RESOLUTION NO. __-11 SECONDED BY COMMISSIONER:

A Resolution Establishing A Program to Accelerate the Elimination Of Direct Discharge Sub-Surface Treatment Systems (SSTS) In Carver County.

WHEREAS, Approximately 4,500 homes and businesses in Carver County are served by a private sewer system on the property. Of these systems, about 700 are in cities and 3800 in the unincorporated area. As of 2008, approximately 550 of the systems in the unincorporated area are still served by systems that likely have little or no treatment of sewage prior to discharge into the surface water and are considered Direct Discharge Systems; and

WHEREAS, Carver County is responsible for the management and regulation of SSTS in the County except in cities that have elected to assume responsibility; and

WHEREAS, Carver County is responsible for water management including water quality in the Carver County WMO; and

WHEREAS, EPA and MnPCA regulations require that all lakes, rivers and streams ultimately meet water quality standards; and

WHEREAS, Carver County has conducted a Total Maximum Daily Load (TMDL) study for fecal coliform bacteria contamination in the Carver and Bevens Creek watersheds; and

WHEREAS, the studies have found loads of fecal coliform bacteria substantially in excess of standards in these watersheds and further identified direct discharge of untreated human sewage into the waters of the State as a significant contributor to the load. The County subsequently developed a TMDL Implementation Plan to reduce the fecal coliform bacteria loads to meet standards. The Plan was submitted to MnPCA and the EPA; it was subsequently approved for implementation by both agencies; and

WHEREAS, Carver County has applied for and received Federal grants for Plan implementation; and

WHEREAS, the 2008, 2009 and 2010 program for SSTS Direct Discharge was largely successful in it goals by eliminating as many as 125 systems;

WHEREAS, two sub-watersheds are identified for 2011 with a total of 47 "likely systems"; and

WHEREAS, the Carver County Water, Environment & Natural Resources Committee has recommended the SSTS Direct Discharge Program, funding and sub-watersheds to the County Board;

WHEREAS, the Carver County Board of Commissioners has determined that it is necessary to institute a program to accelerate the replacement of Direct Discharge Systems in order to reach public health and water quality goals;

WHEREAS, the Carver County Code gives the Board the authority to identify priority areas for SSTS compliance including elimination of direct discharge systems, and to establish programs, including incentives and deadlines; and

THEREFORE, BE IT RESOLVED, THAT the Carver County Board of Commissioners hereby adopts the "Carver County 2011 Direct Discharge Elimination Acceleration Program" as follows:

Part I. The County Board identifies subwatersheds in the Carver and Bevens/Silver Creek watersheds as priority sub watersheds: the previously identified sub-watersheds in 2008-2010; Bevens Creek 21 which is primarily south and east on the NYA city area; and Carver Creek W11 which lies on the north side of Lake Waconia. The Board may, from time to time, identify further subwatersheds as priority subwatersheds and specify appropriate compliance deadlines. The County will provide a low interest loan with an amortization of up to 10 years and a cash grant of 25% of the cost of a new system up to \$2000 for the upgrade of systems identified as a potential direct discharge system in the priority sub-watersheds. Potential direct discharges systems in the priority sub-watersheds that have not been issued a permit to upgrade their system shall be required to submit a Compliance Inspection to the County by June 30, 2012.

Part II. For systems outside of Carver & Bevens Creek priority sub watersheds, the loan funds and the cash incentive of \$2,000 will be available on a first come, first serve basis until allocated funds are depleted. Available funds in other watersheds include: \$10,000 in East Chaska Creek; \$14,000 in Crow River, \$6,000 in West Chaska Creek. For systems outside of the priority sub watersheds, the owner would be required to replace SSTS within ten months of completing Cost Share Form.

Part III. Authorize the Finance Director, in cooperation with Public Health and Environment, to continue to operate the current "safety net" loan program to assist property owners with extremely limited financial capability.

BACKGROUND/JUSTIFICATION:

File #A20110230. This request is for an Administrative Special Event Permit for the 2nd Annual Central Raiders Wrestling Club Winter Splash, to be held at Baylor Park, on March 10, 2012. The Central Raiders Wrestling Club is an organization that is made up of parents, coaches, and past wrestlers. The club promotes the sport of wrestling by providing senior scholarships, equipment, youth programs and more for grades K-12 throughout the communities of Norwood Young America, Hamburg and Cologne.

The 2nd Annual Winter Splash will be conducted in similar fashion as last year. The event will be held from 11:00 a.m. -5:00 p.m. Parking will be available for volunteers and emergency response personnel however, participants and spectators are encouraged to park at Central High School and take a bus to Baylor Park. The applicant is working with a vendor to provide portable restrooms. The food vendor at the event is licensed with the County. No raffle or alcohol sales will be conducted at the event. Similar to the Special Olympics Polar Plunge, last year the event had 62 "jumpers" and approximately 250 spectators.

The County Parks Department will also be providing authorization for the event. The applicant is working with Ridgeview Medical, EMT's from Hamburg, Cologne and NYA Fire Departments, Carver County Dive Team and the Carver County Sheriff's Office for this year's event. Liability Insurance and a copy of the waiver form has been submitted.

Resolution No.

Approving the pledge by the Carver County Community Development Agency of the full faith and credit of Carver County to housing development bonds to be issued by the CDA

WHEREAS, the Carver County Community Development Agency (the "CDA"), is authorized to issue bonds backed by revenues of a housing development project and by the full faith and credit of Carver County (the "County") to finance a qualified housing development project, following (a) a determination by the CDA that pledged revenues will equal or exceed 110% of the principal and interest due on such bonds for each year during which they remain outstanding, and (b) approval by the County of the principal amount of the bonds following a public hearing; and

WHEREAS, the CDA is authorized to issue bonds backed by the revenues of a housing development project and by the full faith and credit of the County to refund bonds issued as described above, without making an additional determination as to debt service coverage and without holding an additional public hearing, but with the approval by the County of the principal amount of such refunding bonds; and

WHEREAS, the CDA proposes to issue its housing development bonds (a) to finance a portion of the cost of the acquisition of the Waybury Apartments in the City of Chaska (the "Waybury Bonds"), (b) to refund its Housing Development Revenue Bonds (Carver County, Minnesota Unlimited Tax General Obligation - Town Centre Apartments Project) Series 2002A (the "Town Center Refunding Bonds") and thereby refinance the Crossings at Town Center Apartments in the City of Waconia, and (c) to refund its Governmental Housing Development Revenue Bonds (Carver County, Minnesota General Obligation - Carver Bluffs Project) Series 2002A (the "Bluff Creek Refunding Bonds," and, together with the Waybury Bonds and the Town Center Refunding Bonds, the "2011 Bonds"), and thereby refinance the Bluff Creek Apartments in the City of Carver; and

WHEREAS, the Waybury Apartment project, the Town Center Apartment project and the Bluff Creek Apartment project each constitutes a "qualified housing development project" within the meaning of Minnesota Statutes, Section 469.034, Subd. 2; and

WHEREAS, the CDA has determined that it is in the best interest of the public health, safety and welfare that it issue the Waybury Bonds in an aggregate principal amount not exceeding \$2,300,000, the Town Center Refunding Bonds in an aggregate principal amount not exceeding \$7,000,000 and the Bluff Creek Refunding Bonds in an aggregate principal amount not exceeding \$800,000 and that it pledge the full faith and credit of the County to each such series of the 2011 Bonds; and

WHEREAS, on October 20, 2011 the Board of Commissioners of the CDA held a public hearing, for which notice was published at least 15 days in advance, regarding the issuance by the CDA of the Waybury Bonds;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF CARVER COUNTY, MINNESOTA as follows:

- 1. That the County hereby approves the issuance of, and pledge by the CDA of the full faith and credit of Carver County to, the 2011 Bonds for the purposes described above. Such approval, as to the Waybury Bonds, is subject to a final determination by the CDA that revenues pledged to the payment of the Waybury Bonds will equal or exceed 110% of debt service in each year in which the Waybury Bonds will be outstanding.
- 2. That the County hereby approves the pledge by the CDA of some portion of its annual special benefits tax to each series of the 2011 Bonds, as provided in the final indentures of trust relating to such 2011 Bonds.
- 3. The Commissioners, officers and staff of the County are authorized and directed to execute and deliver such documents and certificates, including without limitation, indentures of trust and continuing disclosure agreements, as are necessary or convenient to provide for the issuance of the 2011 Bonds.

Adopted on November 1, 2011.

CARVER COUNTY STATE OF MINNESOTA

RESOLUTION NO.

RESOLUTION APPROVING PROPERTY TAX ABATEMENTS FOR PUBLIC IMPROVEMENT PROJECTS

BE IT RESOLVED by the Board of Commissioners (the "Board") of Carver, County Minnesota (the "County"), as follows:

1. <u>Recitals</u>.

(a) The County has received a request to abate the County's share of all property taxes to be generated for 14 years (specifically, with respect to the payable 2012 through 2026 property taxes) on Tax Parcel No. 30697002, legal description Lot 2, Block 1 West Creek Corporate Center Addition (the "Property") to be used for public improvement projects (the "Project") relating to the property located in the City of Chaska. The abatement (the "Abatement") for the 14 year period is estimated to be \$1,820,000 with a present value not to exceed \$1,500,000.

(b) On the date hereof, the Board of Commissioners held a public hearing on the question of the Abatement, and said hearing was preceded by at least 10 days but not more than 30 days prior published notice hereof.

(c) The Abatement is authorized under *Minnesota Statutes*, Sections 469.1812 through 469.1815 (the "Abatement Law").

2. <u>Findings for the Abatement</u>. The County Board hereby makes the following findings:

(a) The Board of Commissioners expects the benefits to the County of the Abatement to at least equal the costs thereof.

(b) Granting the Abatement is in the public interest because it will increase or preserve the tax base of the County, help retain and expand commercial and industrial enterprise in the County, and provide employment opportunities in the County.

(c) The Board of Commissioners expects the public benefits described in (b) above to be derived from the Abatement.

(d) The Property is not located in a tax increment financing district.

(e) In any year, the total amount of property taxes abated by the County by this and other resolutions does not exceed the greater of ten percent (10%) of the current levy or \$200,000, which ever is greater.

3. <u>Terms of Abatement</u>. The Abatement is hereby approved. The terms of the abatement are as follows:

(a) The Abatement shall be for 14 years and shall apply to the taxes payable in the years 2012 through 2026, inclusive.

(b) The Abatement shall be for 100% of the County's share of the ad valorem property taxes generated by the Property which are attributable to the Project.

(c) The abatement may not be modified or changed during the term set forth in (a) above, except with the prior written consent of the County and Authority.

(d) The Abatement shall be subject to all the terms and limitations of the Abatement Law.

Adopted on November 1, 2011, by the Carver County Board of Commissioners.

Resolution No. _____

Board Member ______ introduced the following resolution and moved its adoption:

Resolution Providing for the Sale of \$1,485,000 G.O. Tax Abatement Bonds, Series 2012A

- A. WHEREAS, the County Board of Carver County, Minnesota, has heretofore determined that it is necessary and expedient to issue \$1,485,000 General Obligation Tax Abatement Bonds, Series 2012A (the "Bonds"), to finance improvements to Engler Boulevard; and
- B. WHEREAS, the County has retained Ehlers & Associates, Inc., in Roseville, Minnesota ("Ehlers"), as its independent financial advisor for the Bonds and is therefore authorized to solicit proposals in accordance with Minnesota Statutes, Section 475.60, Subdivision 2(9);

NOW, THEREFORE, BE IT RESOLVED by the County Board of Carver County, Minnesota, as follows:

- 1. <u>Authorization; Findings</u>. The County Board hereby authorizes Ehlers to solicit proposals for the sale of the Bonds.
- 2. <u>Meeting: Proposal Opening</u>. The County Board shall meet at 9:15 a.m. on November 22, 2011, for the purpose of considering sealed proposals for and awarding the sale of the Bonds.
- 3. <u>Official Statement</u>. In connection with said sale, the officers or employees of the County are hereby authorized to cooperate with Ehlers and participate in the preparation of an official statement for the Bonds and to execute and deliver it on behalf of the County upon its completion.

The motion for the adoption of the foregoing resolution was duly seconded by Board Member ______ and, after full discussion thereof and upon a vote being taken thereon, the following Board Members voted in favor thereof:

and the following voted against the same:

Whereupon said resolution was declared duly passed and adopted.

Dated this _____, ____.

Details of Proposed Debt

Proposed Issue:	\$1,485,000 General Obligation Tax Abatement Bonds, Series 2012A
Purpose:	Funding of approximately \$1,400,000 for the County's share of improvements to Engler Boulevard in the City of Chaska.
Authority:	The Bonds are being issued pursuant to Minnesota Statues, Chapter 469 and 475. The statute authorizing the Bonds states that because the County is paying for the debt with increased taxes from a development, the Bonds can be a general obligation without a referendum and will not count against the County's debt limit.
Funding Sources:	Increased taxes from a data center located in the City of Chaska will be designated to pay 100% of debt service. The County's share of the projected annual taxes, not including fiscal disparities, is approximately \$170,000 per year beginning in 2013. Debt service is estimated at less than \$160,000 per year.
Discussion Issues:	The timing of the bond sale is related to the Carver County CDA's sale of debt for a new acquisition and refinancing of existing bond issues.
Arbitrage Monitoring	The IRS is becoming more active in surveying municipal issuers. IRS rules regarding the amount of interest that the County may earn on bond proceeds and debt service funds must be taken into consideration.
Continuing Disclosure:	In addition, the County is responsible for sending annual reports to EMMA, a municipal bond website as well as for material events that may affect the value of the Bonds on the secondary market.
Rating:	It is anticipated that Standard and Poor's will rate the Bonds "AAA", which represents the highest rating possible.
Bank Qualification:	The County is planning to close on the Bonds in early 2012 to keep total issuance for the calendar year less than \$10,000,000 and therefore be able to designate the Bonds as "bank qualified" obligations. Bank qualified status broadens the market for the Bonds and therefore lowers the interest rate.
Term/Call Feature:	The Bonds are being issued for an 11-year period plus over a year of capitalized interest. Interest is payable each six months beginning August 1, 2012 (bond proceeds will pay interest on the August 1, 2012, and February 1, 2013, interest payments). Principal on the Bonds will be due on February 1 in the years 2014 through 2024. Bonds maturing February 1, 2022, and thereafter will be subject to prepayment at the discretion of the County on February 1, 2021.

Other	
Considerations:	We will continue to monitor the market and the call dates for the County and will alert you to any future refunding opportunities for other bond
	issues.

County Administrator's Recommended 2012 Budget and Levy						
Primary Originating Division/Dept: Admini	Meeting Date: 11/1/2011

Amount of Time Requested: 20 minut	tes	Attachments: Yes No 				
Presenter: David Hemze/David Frisch	Title: County Administrator					
Strategic Initiative:						
Finances: Improve the County's financial health and economic profile.						
BACKGROUND/JUSTIFICATION:						
The 2012 Budget process began at a May 2011 workshop where the County Board directed staff to implement						

the Administrator's Recommended 2012 Budget Strategy to:

- * Decrease the county's 2012 tax impact on the average value home
- * Flat-line the 2012 property tax levy compared to 2011

* Identify \$1.3M in levy savings from a 2.9% across the board cut

During July and August, Division Directors presented their 2012 budget requests at budget hearings.

As part of the compromise to end the State's shutdown, the State paid Market Value Homestead Credit was eliminated and a Market Value Exclusion was created for 2012. To mitigate the County's tax impact from this change on the County's average value home, the Administrator's recommended 2012 levy has been cut by \$1.4M compared to the 2011 levy. To offset this loss of revenues, the Administrator's 2012 Budget brings \$1.4M of State paid CPA back into the 2012 operating budget to help finance operations. Thus, the three CIPs (Road & Bridge, Park & Trail and Buildings) will have to find other revenue sources or delay various capital projects which were planned to be funded pay-as-you-go by CPA.

Attached is the County Administrator's 2012 Budget Message which shows how the County's 2012 Recommended Budget follows the County Board's direction from the May 2011 workshop. Included in the 2012 Budget message are the following Recommendations for 2012:

- * Exhibit A: \$1.3M Levy Savings
- * Exhibit B: Staffing Changes
- * Exhibit C: New Capital Projects
- * Exhibit D: Facilities/Vehicles/Equip Replacement

Later in November, the County Administrator will present an updated Long-Term Financial Plan

On Thursday, December 1st, the County Board will hold a Budget Public Hearing and on December 13th the County Board is expected to adopt the 2012 Final Property Tax Levy, Budget and a Long-Term Financial Plan.

Budget Overview

Administrator's Budget Message

This County Administrator's 2012 Preliminary Recommended Budget applies prioritized resources to fund Carver County services. The recommendations included in this document reflect the continued difficult economic times being experienced locally in Carver County, as well as nationally and internationally.

The County Board directed that the county's 2012 tax impact on the average-value home decrease, which was the same direction the Board provided for the past several years. Determining the county's tax impact on the average-value home primarily involves three factors: the county's tax levy, the property's value, and the Legislature's property class tax rates. Because property values change at varying rates from year to year, the tax burden shifts each year, which has no impact on the tax revenue for the county. Tax revenue to the county is driven by the tax levy set each year by the County Board. For the first time in several years, the State Legislature changed the property class tax rates by adding a Market Value Exclusion for lower-value homes. This will shift the tax burden to commercial properties and higher-valued homes in order to offset the impact from the State elimination of the Homestead Market Value Credit.

This recommendation lowers the 2012 property tax levy by \$1.4 million to \$44,779,720 compared to the 2011 property tax levy of \$46,179,720 to offset the loss of the State's Homestead Market Value Credit which was subsidizing the property tax levy for the County's taxpayers. To make up for the lost revenue from the elimination of the Homestead Market Value Credit, \$1.4 million of the State's County Program Aid that would have funded capital projects on a pay-as-you-go basis will be used to fund general operations for 2012.

On the cost side, maintaining the same general level of services in 2012 was estimated to cost an additional \$1.3 million. Prior to the Legislature's decision to eliminate Homestead Market Value Credit, the 2012 Budget strategy was to flat-line the 2012 tax levy at the same level as the 2011 tax levy. Thus, county staff identified \$1.3 million in across-the-board levy savings to offset the increased operating costs for 2012. The impact from the decreased levy for 2012 will offset the negative impact from the elimination of the State's Homestead Market Value Credit for County taxpayers including owners of average-value home in 2012.

The County Board plans to hold a public hearing on the 2012 Budget on December 1, 2011. The County Board is expected to adopt the final 2012 levy and budget on Tuesday, December 13, 2011. The 2012 Budget Book will provide a broad overview of historical budget trends, 2012 budget recommendations and narrative summaries for all county divisions and departments, elected officials, and programs and services that receive financial support from the County.

The Board is also expected to approve the <u>2013 Long-Term Financial Plan</u> on December 13, 2011. The County uses the Long-Term Financial Plans along with the Annual Budget to connect financial strategies to the County's short-term and long-term strategic goals and objectives. The County began using long-term financial planning in 2008 primarily to establish a roadmap for funding significant road and building projects in the future. Over the years, funding future

significant operating cost drivers such as health insurance and building security have also been addressed in the Long-Term Financial Plan. The 2013 Long-Term Financial Plan focuses on the four areas that will significantly impact future Property Tax Levies and Budgets: Capital Improvement Plans; Facilities, Vehicles and Equipment Replacements; Bonding & Debt Service; and Operating Budget Financial Challenges. It will be used as a strategy planning tool to fund significant operating challenges and capital projects beyond the 2012 Budget.

Budget Summary

The 2012 Preliminary Budget totals \$99,025,256 which is an increase of \$5,477,141 million from the 2011 Budget.

Total Expenditures	93,548,115	99,025,256		
Capital Reserves Used	1,195,000	5,405,348		

This chart compares the revenue and expenditure amounts for 2011 and 2012. The largest increase in expenditures for the 2012 Budget is in the area of Capital Outlay. This is primarily due to an increase in Road and Bridge Capital Improvement Projects that are funded by onetime turnback funds from the State that were received in 2009, federal grants, and unspent funds from the 2008A bond issue that will be used for Road and Bridge CIP projects. Thus, the Capital Outlay increase did not drive a levy increase.

The budget process did, however, require spending cuts in other areas. County staff identified approximately \$1.3 million in levy savings for the 2012 Budget. Recommendations to increase efficiencies and

operational changes are reflected in the budget narratives for each division.

See Attachment A for a summary of the recommended \$1.3million in levy savings and Attachment B for staffing changes.

Budget Strategies

In addition to decreasing taxes on the average-value home, the 2012 Budget was developed using the following strategies set by the County Board:

• Adopt a Voluntary Early Retirement Incentive Plan (VERIP) and continue a soft hiring freeze.

In June 2010 and June 2011, the Board approved an incentive plan for voluntary retirement designed to provide budget savings by creating the opportunity to reduce or re-structure staff without the cost of self-insured unemployment benefits. There were 17 employees in 2010 and 13 in 2011 who took early retirement through VERIP. Each of these positions, along with any other vacancies, will be reviewed to see if it should be refilled.

• Fund new capital projects without increasing the property tax levy:

For the last several years, new capital projects have been funded with revenue sources that did not increase the County's property tax levy. These sources include federal, state and regional grants and County Program Aid (CPA) from the State. For 2012, CPA will not be available as a funding source for capital projects; it will need to be used to fund general operations. *See Attachment C for this new Capital Projects list.*

• Continue to levy dollars to pay for capital replacement at a consistent level, as opposed to cutting back to balance the County's operating budget.

The 2012 Budget maintains a capital replacement budget funded by the tax levy to pay for the replacement of facilities, vehicles and equipment. It totals \$1.48 million which is slightly higher than the 2011 amount of \$1.47 million. *See Attachment D for this replacement schedule*.

• Become more efficient and effective as an organization.

The County Board approved reorganizations for the County Attorney's Office, Community Social Services Department, and Taxpayer Services Department in 2011. In addition, Administrative Services has proposed reorganization plans for the Library. *See Attachment A for information on the levy savings attributed to these four reorganizations*.

• Use trend analysis and budgetary pressures to make projections for certain expenditure and revenue categories.

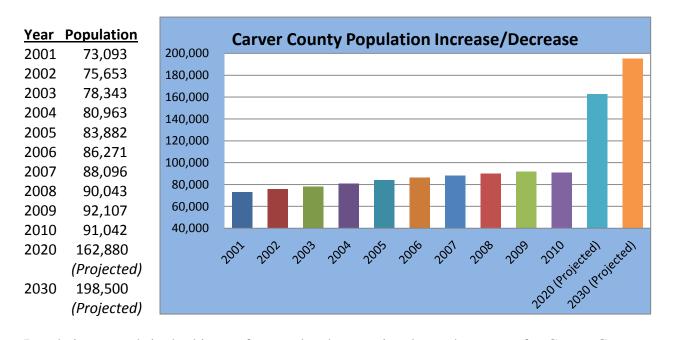

Trend analysis was used to project a \$200,000 decrease in investment income in the 2012 Budget. Projected lower interest rates on investments were primarily responsible for this drop in revenue.

Trend Data

The following are key historical trends that were used to form the foundation of the 2012 Budget.

Population: Out of 87 counties in Minnesota, Carver County's Census 2010 population of 91,042 is the 11th highest. Over the last decade Carver County had the fifth highest rate of population growth in the state at 29.7% adding a total of 20,837 residents. Carver County's population growth is expected to continue into the future. Carver County's population growth is expected to continue into the future.

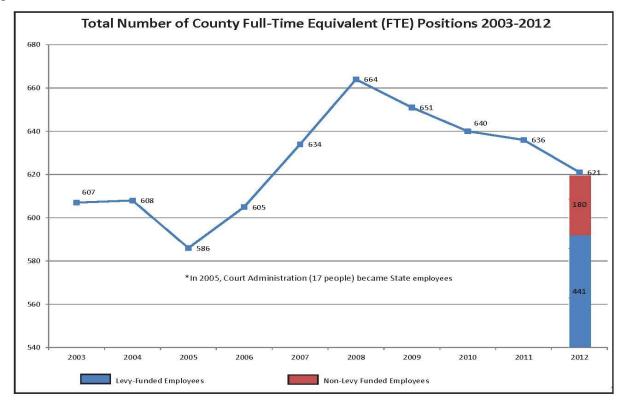

The following shows the 2000 and 2010 Census populations as well as the U.S. Census Bureau's population estimates from 2001-2009. Based on the 2000 Census figures, the Metropolitan Council projects Carver County's population to increase to 198,500 by 2030, which would be as 118% increase from the 2010 Census population.

Population growth is the biggest factor related to service demand pressure for Carver County. Significant growth increases the need for public investment in infrastructure and impacts service delivery for government entities.

In addition to overall population growth, Carver County's aging population is expected to impact the type and number of services that will need to be provided in the future. The population of County residents age 65 and older is expected to significantly increase by 2030 to 20,820.

County Employees: As the County has grown in population over the past decade, the number of employees needed to meet service demands has also increased. The following chart shows the changes in the number of County employees in the past decade. The graph also provides the number of Full-Time Equivalent (FTE) employee positions that are funded by levy and non-levy funding sources. Based on the 2012 budget figures, it is estimated that 29% of FTEs will be funded by other sources of revenue that the County has identified to help lower the need to use

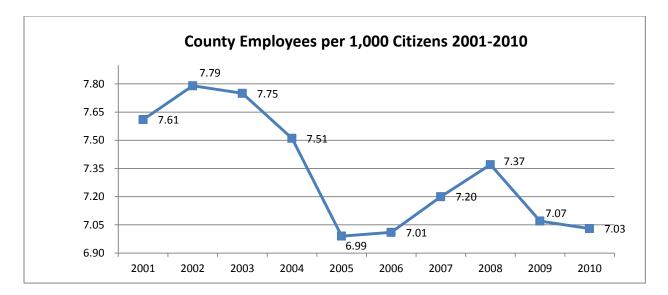

levy funds. Some of the other revenue sources include: contract revenue, fees for services, and grants.

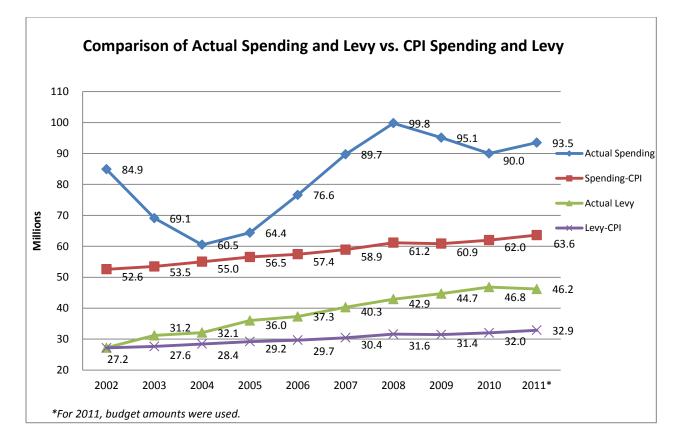

The total number of Full-Time Equivalent (FTE) employee positions increased from 556 in 2001 to a high of 664 in 2008. Budget adjustments made due the loss of state aid has resulted in a loss of 43 FTE employee positions over the past four years. The 2012 recommended budget includes 621 FTE positions.

Since wage and benefit costs for personnel is the County's largest expense, the number of County employees significantly impacts the budget. For example, if the number of County employees were to increase at the same rate as the population and double over the next two decades, the result would be large increases in the County budget that would push dramatic property tax increases. Instead the increase in population is expected to introduce economies-of-scale that will allow the County to operate more efficiently with a lower employee-to-citizen ratio.

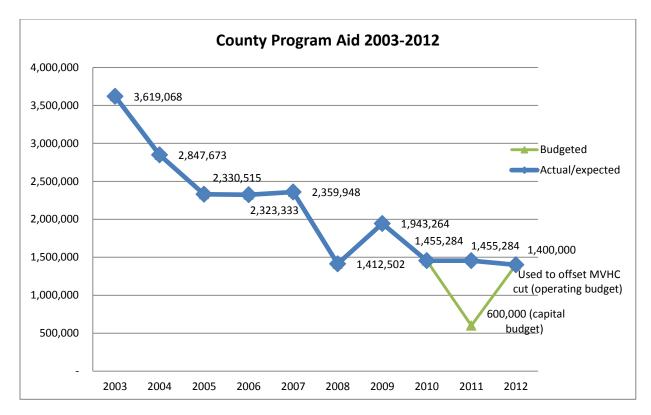

The following chart shows the fluctuation in the number of employees per 1,000 citizens. It has gone from a high of 7.79 employees per 1,000 citizens in 2002 to a low of 6.99 in 2005, when 17 employees became State employees. Since 2008 there has been a steady decrease in the number of employees per 1,000 citizens as a result of continual advancements in technology and efficiencies gained through reorganization.

County Levy and Total Spending Compared to Consumer Price Index: Total county spending has spiked up and down over the past decade due primarily to capital projects such as road and bridge improvements. The tax levy has increased on the same trend as inflation but at a higher rate due to rapid growth in the county. The following chart compares Actual Spending and Actual Levy amounts to those adjusted for inflation. The Consumer Price Index (CPI) inflationary indicator used in the comparison measures the average change in prices over time in a fixed market basket of goods and services typically purchased by consumers.

State Aid - County Program Aid and Market Value Homestead Credit: As the following chart indicates, Carver County experienced a dramatic loss in County Program Aid (CPA) from the State of Minnesota from 2003 to 2012.

The majority of loss in County Program Aid (CPA) occurred between 2003 and 2005. The general trend beyond 2005 was a stabilization of state aid funding with a slight increase projected for 2009. However, the governor unallotted \$761,036 of CPA in December of 2008. Another \$565,646 unallotment of state aid was made in May of 2009, and \$1,148,433 was unalloted in December of 2009. In 2010, the State unalloted \$1.1 million of CPA, and for the first time, the State also made an unallotment to Market Value Homestead Credit (MVHC), reducing it by \$846,807 in 2010.

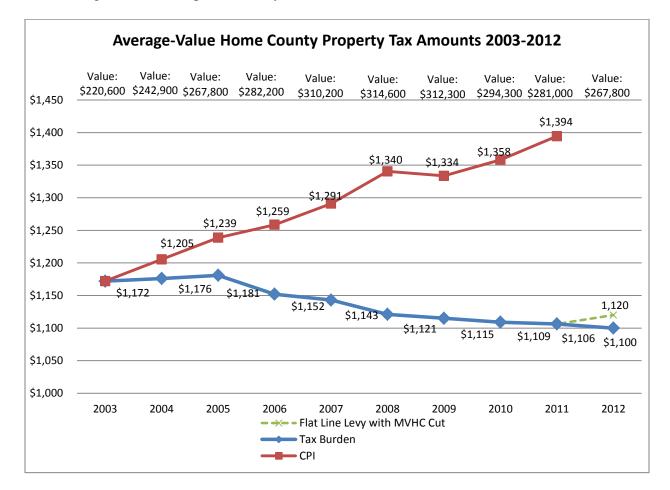

The 2011 Budget included \$600,000 in CPA set aside as a local match for a federal grant for two bridge projects. As it currently stands, the State has unalloted \$1.2 million of CPA in 2011 and has reduced the MVHC by \$1 million. The County will use the CPA funds slated for pay-asyou-go capital improvement projects to partially offset the hit to the operating budget caused by the reduction in MVHC funding.

For 2012, all of the anticipated \$1.4 million in CPA funds will need to be used to offset the elimination of MVHC funding, which had previously subsidized the property tax levy. This is being done in order to avoid passing the State's budget cuts down to County taxpayers.

Property Taxation: The Board has continued its strategy of setting the levy to decrease the County's tax-impact on an average-value home. The value of the average home in Carver

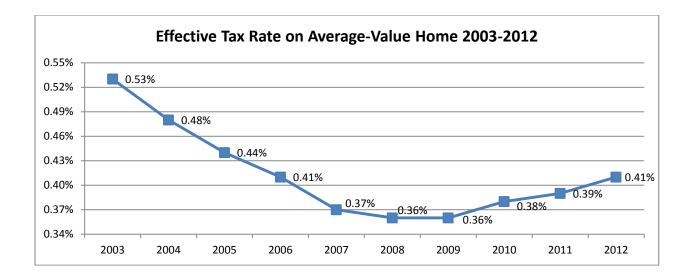

County decreased from \$281,000 in 2011 to \$267,800 in 2012. The County's portion of the total property tax bill on an average-value home will decrease slightly from \$1,106 in 2011 to \$1,100 in 2012.

The following chart shows the changes in average home values and taxes from 2003 to 2012. It also shows how the average home's property tax has continually decreased compared to CPI, which has grown over the past several years.

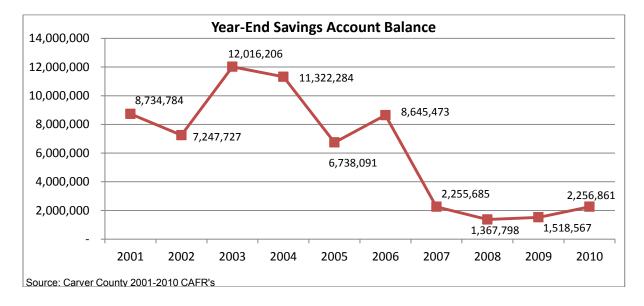

The County's portion of property taxes for the majority of the average-value commercial properties and higher-valued homes in the County's will increase slightly in 2012. This increase is a direct result of the State's new Market Value Exclusion shifting the tax burden from lower-valued homes to commercial properties and higher-valued homes.

Effective Tax Rate: The effective tax rate is the percentage of market value a homeowner is paying in property taxes. It is calculated by taking the home's market value and dividing it by the tax. The rapid pace of rising home values and the relatively modest rate of tax increases by the County resulted in a decreasing effective tax rate over the past decade. The upward movement on this trend reflects the decreasing valuation of homes that began in 2009.

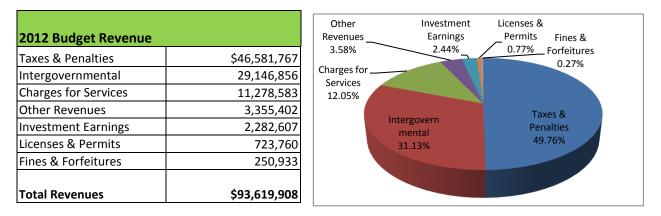

Year-End Savings Account: The Year-End Savings (YES) Account designates up to 5 percent of the County's reserves for future unknowns such as emergencies, disasters, capital projects, and intergovernmental funding cuts. The YES Account's balance over the past decade was approximately \$6.2 million. Significant decreases in the YES Account from 2003 to 2008 were the result of planned board-approved transfers to pay for one-time capital projects and land acquisitions. The YES account balance for year-end 2010 was \$2,256,861. County staff have recommended lowering the YES account balance by approximately \$700,000 in 2011 for the purchase of a new County-wide phone system and for the County's portion of Park and Trail projects that have been awarded Federal grants. Based on current projections, it is estimated the YES account balance at year-end 2011 will be around \$1.5 million. The following chart shows the trend in this account's balance.

Revenues

The 2012 Budget totals \$93,619,908 in revenues, which is an increase of \$1,266,793 compared to the 2011 budget. The following lists the sources of revenues for 2012, and the chart shows percentage of the total associated with each revenue amount.

Taxes and Penalties: The Certified Property Tax Levy is the primary funding source for the County budget, and the source of revenue the County has the most control over. The 2012 Budget includes the amount of property taxes levied for the year and penalties.

Each year, the levy request is determined by first applying all other funding sources against the costs for the budget year and then determining the amount needed to cover remaining costs. Once established, property tax amounts cannot be adjusted upward during the year.

The County Administrator's recommended total combined levy of \$44,779,720 for 2012, is a decrease of 3.03%, or \$1,400,000, from the 2011 levy. Revenues from the property tax levy will constitute approximately 47.83% of all county revenues for 2012.

2012 Property Tax Levy	
General Fund	\$28,010,138
Road and Bridge Fund	4,148,311
Community Social Services Fund	7,365,250
Road & Bridge Capital Improvement Fund	1,500,000
Parks and Trials Capital Improvement Fund	50,000
Debt Services Fund	3,583,021
Unestad Tax Abatement	123,000
Total Levy County	\$44,779,720
Carver Watershed Management Organization	\$ 524,984
Total Combined Levy	\$45,304,704

The decrease in the tax levy is the end-result of a 2012 Budget Strategy adopted by the County Board of Commissioners in May 2011. The County's portion of the total property tax bill on average-value homes will decrease slightly for 2012.

Intergovernmental and Other Revenues: Intergovernmental funding, which increased by \$3,771,187 from the 2011 Budget to the 2012 Budget, and the Other Revenues category are also major sources of revenue for the County.

Intergovernmental funding refers to funding from other governmental units at the federal, state and local level in the form of grants, program aids, entitlements, shared revenues, payments in lieu of taxes, and reimbursements for performance of specific functions or services. It also includes voluntary non-exchange transactions that result from legislative or contractual agreements such as grants, entitlements, appropriations and donations. Tax credits paid by the stare are included in intergovernmental revenues. Intergovernmental funding increased from \$25,375,669 in 2011 to \$29,146,856 in 2012 due primarily to increases in federal funding for Road and Bridge projects and budgeting for CPA in 2012, due to the State's cut in MVHC.

The Other Revenues category totals \$3,226,947. It includes collections on grant funding for specific programs, special assessments, and miscellaneous revenue from contracts.

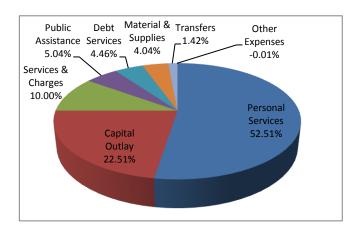

Charges for Services: The third-highest revenue source comes from Charges for Services, which totals \$11,278,583 in the 2012 Budget, a decrease of \$1,098,591 from 2011. This revenue category refers to the County's acquisition of revenue from the professional services the County provides for a fee and other services and charges covered in its Fee-for-Service Schedule.

Investment Earnings: The revenue from investment earnings totals \$2,282,607 in 2012, compared to \$2,515,170 in 2011. This decrease of \$232,563 in investment earnings is the result of drop in interest rates.

Expenditures

The 2012 Budget totals \$99,025,256 in expenditures, which is an increase of \$5,477,141 compared to the 2011 budget. The following lists the expenditures for 2012, and the chart shows the percentage of the total expenditure associated with each category.

2012 Budget Expenditures						
Personal Services	\$52,015,061					
Capital Outlay	22,296,293					
Services & Charges	9,903,976					
Public Assistance	4,992,011					
Debt Services	4,421,021					
Material & Supplies	4,000,551					
Transfers	1,410,978					
Other Expenses	(14,635)					
Total Expenditures	\$99,025,256					

Personnel Costs and Services and Charges: Costs associated with County employee wages and benefits comprise the largest expenditure for the County.

Expenditures for employee wages are captured in the "Personal Services" account class, which

includes compensation paid to full-time, part-time, and temporary or intermittent employees with payroll deductions. It does not include fees or contractual payments paid to consultants or independent contractors: Those costs are captured in the "Services and Charges" account class that also includes other expenses associated with business operations.

The budgeted amount for personal services for 2012 is \$52,015,061, which is a decrease of \$797,560 from the 2011 budgeted amount of \$52,812,621. The 2012 Budget does not include salary or step increases, which is the same as 2010.

After years of seeing health insurance costs increase at a rate much higher than inflation, the County's health insurance premiums had a small 4% increase for 2011 and an actual decrease for 2012. This improvement is attributed, in part, to a strategy that is moving employees away from a legacy high-cost health insurance plan to less expensive consumer-driven health insurance plans. The preliminary 2012 Budget was developed assuming health insurance costs would increase by \$400,000 in 2012. To continue the positive momentum and results from this strategy, the \$400,000 that was originally set aside for health insurance premiums has been partially reallocated to additional Wellness Incentives for county employees, an increased health insurance waiver and higher dental insurance premiums.

Capital Outlay: The County's second highest expenditure category is \$22,296,293 for capital improvements. A number of capital projects are included in the 2012 Budget, most of which have off-setting cost savings, intergovernmental reimbursements, and sources of funds other than property taxes. See Attachment C on Capital Projects and Attachment D on Replacement of Facilities, Vehicles, and Equipment expenses, for listings of expenditures that are included under Capital Outlay.

Public Assistance: The 2012 Budget includes \$4,992,011 for Public Assistance. In terms of expenditures for specific County functions, expenditures for Human Services (which includes Public Assistance) consume the most dollars in comparison to other services provided by the County. The amount budgeted for Public Assistance in 2012 is \$763,904 less than the 2011 budget.

Debt Services: The principal and interest accumulated on the Debt Service Fund is used to retire debt and is another major component of County expenditures. In the 2012 Budget, \$4,421,021 is being budgeted for Debt Services, which is a decrease of \$59,330 from the previous year.

The difficulty reducing this account comes from the situation of a special project or an extended medical leave in a division that does not have temp staffing in their budget, or when something like elections occur and require substantially more staffing than planned (like the 2008 or 2010 recount). Recent experience with the move to electronic ads for most jobs allows this decrease. The risk is when we have a high profile or difficult-to-recruit vacancy to fill and may need to go to more costly sources. One possible solution, if the cut is made and we have such a vacancy, is to allow for a transfer of funds from an extended vacancy/turnover from the division of where the vacancy occurs.

Agenda Item:

Lake Minnewashta Regional Park and TH 41 Trail and Underpass

Primary Originating Division/Dept: Public Works - Parks

Contact: Marty Walsh Title: Parks Director

Amount of Time Requested: 15 minutes

Presenter: Marty Walsh

Strategic Initiative:

Communities: Create and maintain safe, healthy, and livable communities

Title:

BACKGROUND/JUSTIFICATION:

In 2007, Carver County was awarded \$1,000,000 in Federal Transportation Enhancement Funds to construct 2.6 miles of trail and trail underpass at TH 41 into Lake Minnewashta Regional Park. On July 27, 2010 the County board approved a memorandum of understanding with the City of Chanhassen which outlined management of the project, cost participation and ongoing operations, ownership, and cost participation for future rehabilitation of the trail after it is constructed. The City of Chanhassen at its October 10, 2011 meeting approved a Joint Powers Agreement which is consistent with the July 27, 2010 Memorandum of Understanding. The Joint Powers Agreement further defines the cost participation by the County and City. The estimated project cost including design, engineering and inspection services is approximately \$2.1 Million. The local match by the City of Chanhassen is projected to be \$630,000. Carver County portion is \$418,000. The County's share for construction and design and engineering of the Local matching funds is planned to come from Parks and Trails funds and from capital improvement bonding proceeds of the 2011 Legislature which the County will receive through the Metropolitan Council. Plans for the project are completed. In order for the project to be authorized, staff is recommending that the County Board approve the Joint Powers Agreement with the City of Chanhassen, approve a resolution for a Limited Use Permit for the trail within the TH 41 right-of-way, approve a permanent easement for a trail within Lake Minnewashta Regional Park for a trail, authorize Right of Way Certificate #1 for State Project 010-090-003. It is further requested that the County Engineer be authorized to sign the plans and specifications for the project and authorize the project to be advertised for bids.

ACTION REQUESTED:

It is requested that the Board approve the Joint Powers Agreement with the City of Chanhassen and Authorize the County Administrator to sign.

It is requested that the Board approve a resolution for a Limited Use Permit within State Highway Right of Way, Approval of Permanent Easement in Lake Minnewashta Regional Park, and Authorize County Engineer to sign Right of Way Certificate #1 for Lake Minnewashta Regional Park, TH41 Trail and Underpass Project SP 010-090-003.

Additional, it is requested that the Board authorize the County Engineer to sign plans and specifications for the project and authorize the project to be advertised for bid.
