Alyssa, representing her parents from Chaska, also recognized the recent election concerns that were being expressed across counties. She believed the requests for hand counts, data requests, claims of irregularities were all attempts to undermine democracy. Growth: Manage the challenges and opportunitie	s resulting from growth and development					

BACKGROUND/JUSTIFICATION:

The Minnesota Legislature allocated \$250 million to the Corridors of Commerce Program to fund transportation projects on state highways with the goal of fostering economic growth, enabling of goods to be transported through a commerce friendly network of corridors, and providing additional mobility to citizens. The Corridors of Commerce program is a competitive funding opportunity that funds projects that foster economic growth, enable goods to be transported through a commerce friendly network of corridors, and provide additional mobility to citizens and is now accepting project requests. Funding is awarded on a competitive basis to projects that will have a significant local or regional impact.

Each county is allowed to submit one project request to the Corridors of Commerce program. This item is for approval of the resolution identifying the Highway 5 Arboretum Area Project as the project to submit to this program. The project will include highway reconstruction and expansion, intersection improvements, and bicycle and pedestrian amenities from the east side of downtown Victoria to west of Highway 41 in Chanhassen. This is a high priority project to address critical transportation system needs on a trunk highway and regional thoroughfare, and once funded and constructed, the Project will provide safer, faster, and more reliable movement of goods and people through the Carver County and the metropolitan region.

The project was identified as a priority through the adopted Arboretum Area Transportation Plan, a two-year corridor study partnership and public engagement visioning project with the Minnesota Department of Transportation (MnDOT), the City of Victoria, the City of Chaska, and the City of Chanhassen to identify transportation system improvements around the area of the Minnesota Landscape Arboretum including Highway 5, Highway 41, Rolling Acres Road, Bavaria Road, and 82nd Street West.

ACTION REQUESTED:

Motion to adopt a resolution to support and approve the submittal of the Highway 5 Arboretum Area Project request to the MnDOT Corridors of Commerce Program to reconstruct and expand Highway 5 between downtown Victoria and Highway 41 in Chanhassen and authorize and direct the Carver County Engineer to submit the application.

COUNTY OF CARVER PLANNING COMMISSION RESOLUTION

FILE #: OA-PZ20220043

RESOLUTION #: 22-17

FILE #: OA-PZ20220043

INITIATED BY: Carver County Land Management

TYPE: Ordinance No. 103-2022 to update Chapter 150 of the County Code

PURSUANT TO: County Code, Chapter 150 Building Regulations

LEGAL DESCRIPTION: County-wide **REGARDING:** Ordinance No. 103-2022

WHEREAS, said amendments were duly considered at a public hearing held by the Carver County Planning Commission at its regular meeting on October 18, 2022; and,

WHEREAS, the Carver County Planning Commission finds as follows:

- 1. Carver County Land Management and the Carver County Attorney's Office have drafted an ordinance amending the Carver County Building Regulations. The purpose of the draft language is to amend Chapter 150, Building Regulations. These amendments are necessary in order to be consistent with the administration and enforcement of the Minnesota State Building Code for the unincorporated (Township) areas of the County.
- 2. PROPOSED CHANGES: Ordinance #103-2022 would amend the County Code Chapter 150 pertaining to Building Regulations. Changes are to ensure Carver County Code is consistent with Minnesota State Statutes, including the removal of redundancies, previous code adoption text (i.e. years) and clarifying permit fees.
- 3. The public hearing notice for the proposed text amendments was published in the Chaska Herald (official newspaper) and all other local newspapers, and it was sent to all of the townships within the County. If the proposed amendments are approved by the Planning Commission, a public hearing would also be necessary at the County Board and the hearing notices would be properly titled "intent to enact" an ordinance.
- 4. The draft text amendments for Chapter 150 of the Zoning Code were made available to the Planning Commission prior to the public hearing for review. (Note underline is for new language and strikethrough is for deletion.)
- 5. Copies of the proposed Ordinance No. 103-2022 were made available at the Land Management Department Office, or by calling at (952) 361-1820, or by email at landmanagement@co.carver.mn.us.
- 6. The proposed amendments are in conformance with the Minnesota Statute "State Building Code". The amendments are not in conflict with any other official controls and the amendments will not be detrimental to the health, safety or general welfare.

THEREFORE, BE IT RESOLVED, THAT the Carver County Planning Commission hereby recommends the adoption of Ordinance No. 103-2022 for the amendments to Chapter 150 (Building Regulations) of the Carver County Code of Ordinances.

ADOPTED by the Carver County Planning Commission this 18th day of October 2022.

Carver County Parks Outdoor Recreation Programming Fee Matrix 2023

Partnership

<u>Examples</u>: Private birthday parties, scout/non-profit group(s), childcare programs, City events, corporate groups, other.

<u>Program Fee:</u> Equals Instructor time (\$16/Hour) x2. The x2 multiplier accounts for equipment replacement, administrative time and instructor drive time to/from the Parks Office.

A total of 1.5 hours of time will be added to each program booking accounting for set-up and tear-down time.

In general, 1 Instructor will be required for every 10-15 participants with a minimum of 2 Instructors for water-based programs.

Examples:

Program Length:	Number of Instructors:	Cost:
2 Hour	1	\$98
2 Hour	2	\$196
4 Hour	1	\$154
4 Hour	2	\$308

Environmental Education for School Groups**

Pond Study
Maple Syrup Tours
Nature/Night Hike

<u>Examples:</u> Public programming offered with local City Park and Recreation Departments,
Community Education & School Districts and other County Organizations/Departments
(example Carver County Historical Society).

Gross revenue is split 75% for Carver County
Parks and 25% for the Partner Agency, assuming
that Carver County provides all Instructor
staffing. (If not, Instructor time "cancels out" at a
1:1 ratio if partner provides staffing)

If either partner must purchase more than \$50 worth of supplies/services, then that cost comes off the top of the revenue before the split and is added onto that partners total reimbursement.

Previously Arranged Agreements:

Waconia Community Education: split is 80/20% but there is no reimbursement for purchased supplies

ISD 112 Community Education: split is 72/28%, but costs are still reimbursed.

The initial Master Plan for the trail was developed in 2006 connecting the communities of Chaska and Victoria and linking the Minnesota River Bluffs LRT Regional Trail with the Lake Minnetonka LRT Regional Trail. In 2016, the plan was amended to include a mile long segment of Hennepin County Regional Railroad Authority (HCRRA) property extending from County Road 61 to Bluff Creek Drive, and again amended in 2018 to include an additional 2-mile segment of the former HCRRA property from Bluff Creek Drive to the east county line. Both amended sections are commonly known as segments of the Minnesota River Bluffs LRT Regional Trail.					
Rational for developing the Southwest Regional Trail includes: 1) Linking the Minnesota River Bluffs LRT Regional Trail with the Lake Minnetonka LRT Regional Trail 2) Tie together numerous federal, state, regional, and local parks, natural areas, and trails into a cohesive and interlinked system. Further, the plan works to better define the trails of the Minnesota River Bluffs Regional Trail and the Southwest Regional Trail.					
The Park Commission recommended approval at its October 19th regular meeting. Staff will present the master plan for the County Board action.

BACKGROUND/JUSTIFICATION:

Carver County Regional Railroad Authority and the Carver County Veterans Memorial Registry (CCVMR) entered a 5- year license agreement November 28, 2017, for vacant land, construction and ongoing maintenance of a veteran's memorial located in the City of Mayer. In July of 2020, the Carver County Regional Railroad Authority consented to CCVMR assigning all its rights and obligations related to the memorial to the Veteran's Memorial Registry (VMR).

- Further, VMR was held to the same terms of the license agreement for the veteran's memorial as CCVMR.
- Both CCVMR and VMR did execute an agreement that assigns the obligations of CCVMR to VMR and provide Carver County Regional Railroad Authority with an executed copy of the agreement.

September 2021, Carver County approved amending the site plan for the monument to include 4 equipment pads and other changes.

Currently the VMR is requesting:

- Renew of the License Agreement
 - This would include a second phase of development, with 5 pads for military equipment and other modifications requiring some site grading and drainage improvements.
- Cost participation in cost to construct a portion of a sidewalk along Hwy 25
 - o Costs to be shared equally between VMR, CCRRA, and City of Mayer
 - Cost to CCRRA \$3,200

ACTION REQUESTED:

- Motion to approve a new the license agreement with VMR for the Veterans Memorial in the City of Mayer pending finalization of the contract review process and authorize Board Chair and Administrator to sign the agreement.
- Motion to approve expenditure of \$3,200 for construction of a sidewalk along Hwy 25.
