In these circumstances, the initial suitability determination can be deferred and an individual may be utilized as a CI for a period not to exceed 12 hours from the time of arrest if:

1. The individual is not excluded from utilization as a CI under 318.3, A, 3 a-c of this policy; and

- C. CIs must not be used without authorization of the Carver County Sheriff's Office through procedures identified in this policy.

 - 1, CIs may voluntarily initiate deactivation, whereupon the protocols outlined section 318.6 of this policy must be followed.
 - 2. CIs are not law enforcement officers. They have no arrest powers, are not permitted to conduct searches and seizures, and may not carry a weapon while performing activities as a CI.
 - 3. CIs found engaging in any illegal activity beyond what is authorized and conducted while under the supervision of the overseeing agent, will be subject to prosecution.
 - 4. CIs are prohibited from engaging in actions or activities that could be deemed as entrapment. The meaning of the term and implications of such actions must be explained to each CI.

M. Meetings with a CI must be conducted in private with another deputy or detective present and with at least one deputy or detective of the same sex, except when not practical. The meeting location should minimize the potential for discovery of the informant's cooperation and provide sufficient space to complete necessary administrative duties. The meetings must be documented and subsequently entered into the individual's CI file.

N. Overseeing agents must develop and follow a communications strategy and plan with the CI that minimizes, to the greatest extent possible, the risk of discovery or compromise of the relationship between the Carver County Sheriff's Office and the CI. This plan should also aim to prevent the detection, compromise, or interception of communications between the overseeing agent and the CI.

O. Procedures must be instituted to assist the CIs with concealing their identity and maintaining their safety. Care should be given not to expose CIs to unnecessary safety risks.

P. Preceding or following every buy or sale of a controlled substance, overseeing agents must screen the CI for any personal safety or mental health concerns, risk of substance abuse, and / or potential relapse in any substance abuse recovery.
