December 19, 2023 9:00 a.m. Board Meeting

December 26, 2023 No Meeting

January 2, 2024 9:00 a.m. 2024 Organizational Session

January 9, 2024 7:30 a.m. Carver County Legislative Breakfast 12:30 p.m. Paradise Commons Ribbon Cutting

A Special Session of the Carver County Board of Commissioners was held in the County Government Center, Chaska, on November 28, 2023. Chair John P. Fahey convened the session at 9:00 a.m.

Members present: John P. Fahey, Chair, Tom Workman, Vice Chair, Gayle Degler, Matt Udermann and Tim Lynch.

The following amendment was made to the agenda:

7.2 Recognition of Chanhassen Storm Football Team

Udermann moved, Degler seconded, to approve the agenda as amended. Motion carried unanimously.

Udermann moved, Lynch seconded, to approve the minutes of the November 21, 2023, Regular Session. Motion carried unanimously.

Degler moved, Lynch seconded, to approve the following consent agenda items:

Resolution #88-23, Support to Sponsor the Laketown Township's Local Road Improvement Program Project Application for Augusta Road.

Reviewed November 28, 2023, Community Social Services' actions/Commissioners' warrants in the amount of \$329,080.07.

Motion carried unanimously.

Shelby Sovell, Public Works, requested the Board authorize the preorder of a wheel loader to hold 2023 state contract pricing. He explained Public Works has a large fleet of equipment and the 2024 budget included a recommendation for the replacement of a wheel loader. He pointed out the importance of wheel loaders to Public Works operations. Sovell indicated the wheel loader to be replaced was 23 years old and noted the difficulty to replace equipment due to supply chain issues in the past. Sovell pointed out the new machine would include technology, safety and emission improvements. He indicated the purchase price was expected to go up after November 30th and noted the current value of used equipment.

Degler moved, Lynch second, to authorize the preorder of a wheel loader to hold 2023 state contract pricing with Nuss Truck & Equipment of Burnsville, Minnesota. Udermann recognized the County's levy increase for 2024 and suggested delaying the equipment purchase was an opportunity to bring that down. On vote taken, Degler, Fahey, Lynch, Workman voted aye. Udermann voted nay. Motion carried.

The Board considered adopting a proclamation to recognize the Chanhassen Storm football team's state championship. Degler read the proposed proclamation into the record. The Board recognized this was an exciting season and the community can be proud of their accomplishments.

Degler moved, Workman seconded, to adopt Chanhassen Storm Football Team Proclamation. Motion carried unanimously.

Degler moved, Lynch seconded, to adjourn the Special Session at 9:20 a.m. and go into work sessions with the Sheriff, Public Services and Finance. Motion carried unanimously.

David Hemze County Administrator

(These proceedings contain summaries of resolutions/claims reviewed. The full text of the resolutions and claims reviewed are available for public inspection in the office of the county administrator.)

A public hearing on the proposed 2024 budget was held at the Government Center in Chaska on November 28, 2023. Chair Fahey convened the meeting at 6:00 p.m.

Commissioners present: John P. Fahey, Chair, Tom Workman, Vice Chair, Gayle Degler, Tim Lynch and Matt Udermann.

Lynch moved, Degler seconded, to open the public hearing. Motion carried unanimously.

Chair Fahey explained the purpose of the meeting was to hold a public hearing to take comments on the 2024 proposed budget and not market values that were set earlier this year. Fahey clarified if there were concerns related to market values, the Assessor's office was available to address those issues. He pointed out tonight's meeting would be on the proposed taxes to be levied by the County for 2024 and not on taxes to be levied by the school districts, cities or townships listed separately on tax statements. He stated that the Board would be setting the final budget at their December 12th Board meeting.

Dave Hemze, County Administrator, explained the statutory property tax process starting with the property values. He clarified they would be discussing only County taxation and not cities and schools. He pointed out the key challenges and opportunities they faced over the past year. Hemze reviewed the allocation of tax dollars per month on an average valued home and the highlighted services the County provides.

Dave Frishmon, Finance, pointed out the County's overall tax base noting 1.4M of the levy increase was paid by new construction. He noted average value increase to residential, commercial and ag properties, resulting in shifting the tax burden from residential to commercial and ag.

He reviewed a budget summary over the last four years and preliminary 4.5M levy increase for 2024. He stated the biggest budget driver was salary and benefits for existing staff as the County tries to compete with labor shortages. Frischmon explained County wide levy adjustments, anticipated 2024 vacancy savings built into budget, requested staffing changes and anticipated county program aid.

Frischmon identified 2024 capital projects and the use of one-time funding sources. He noted the property tax impact to an average value home over the past ten years and the increases in values driving up the tax impacts. He reviewed a timeline of the 2024 budget schedule and proposed Board action to adopt the final levy on December 12th.

Eighteen members of the public attended the meeting. Public comments from Randy Bandt, Steve Kocka, Kay Brandt, George Hanson, Nick Schulz and Gail Capaul were received that related to the increased levy, the privatization of services, the need for the increase considering the number of homes being built and questioning if the yearly increases are sustainable for current residents.

Budget Public Hearing November 28, 2023

Workman moved, Degler seconded, to close the public hearing at $7:07~\rm p.m.$ Motion carried unanimously.

Contract with The Improve Group to complete Community Resource Center assessment							
Primary Originating Division/Dept: Health	a & Human Services - Child & Family	Meeting	g Date: 12/12/2023				
Contact: Kate Probert Fagundes	Title: Deputy Director	Item Typ Consen					
Amount of Time Requested: minu Presenter:	ites Title:	Attachm	nents: O Yes O No)			
Strategic Initiative:							
Communities: Create and maintain safe, healthy, and livable communities							

BACKGROUND/JUSTIFICATION:

Sauer Family Foundation, one of the major partners in supporting the development and implementation of the statewide network of Community Resource Centers (CRCs) (also known as Family Resource Centers), awarded \$75,000 to Carver County Health and Human Services for the completion of a community assessment to determine possible beneficial locations for the Community Resource Center (CRC), service needs of the community, and possible functions for a potential CRC in Carver County. On July 11, 2023, RBA 9203, the Carver County Board of Commissioners accepted the award, and approved Health and Human Services' request to complete a community assessment.

Carver County Health and Human Services Public Health Department (CCPH) is required by Minnesota Statue 145A to conduct a comprehensive Community Health Assessment and develop a Community Health Improvement Plan every five years. CCPH, following a competitive Request for Proposal (RFP) process, is currently contracted with The Improve Group to assist with the community health assessment process. Carver County Health and Human Services Income Support and Child and Family departments would like to utilze this same vendor and contract with The Improve Group, with an amount not to exceed \$72,408, to complete the Community Resource Center service and location assessment over the next eight months. The Improve Group has worked with hundreds of local and state governments, community-based organizations, foundations, and businesses for over 23 years. The information gained, data collected, and analysis from this process will equip all Health and Human Services departments to better understand the needs of Carver County residents and families and tailor services to meet those needs.

Across the country, Community Resource Centers work with families using a multi- generational, strength-based, family-centered approach to enhance parenting skills, foster healthy development and well-being of children, youth, and families, prevent child abuse, increase school readiness, connect families to resources, develop parent and community leadership, and promote family economic success. There are 39 states, including the State of Minnesota, who are currently operating CRCs as an evidence-supported model to deliver services to the community. In 2023, the Minnesota Legislature awarded the Minnesota Department of Health and Human Services \$7.1 million in funding to develop and implement a statewide network of CRCs.

ACTION REQUESTED:

Motion to approve a Professional Service Agreement with The Improve Group for the completion of the Community Resource Center community assessment with a not to exceed amount of \$72,408 for the period of December 1, 2023, through July 31, 2024.

BOARD OF COUNTY COMMISSIONERS CARVER COUNTY, MINNESOTA

Date: December 12, 2023	Resolution No:
Motion by Commissioner:	Seconded by Commissioner:

Resolution Authorizing Settlement of Compensation to Owners for Acquisition of Real Property Interests Needed for the Highway 40 Project - Belle Plaine Area

- WHEREAS, the Board of Commissioners of Carver County is the official governing body of Carver County ("County"); and
- WHEREAS, the County, acting by and through its Board of Commissioners, is authorized by law, and pursuant to Minnesota Statutes, § 163.02, subd. 2; §117.012; and § 117.042, to acquire land and other real property interests in Carver County which the County needs for a public use or public purpose; and
- WHEREAS, the County proposes to construct highway and related improvements in Carver County for shoulder widening and pavement improvements as part of the Highway 40 Project Belle Plaine Area ("Project"); and
- WHEREAS, to complete the Project, the County must acquire the real property interests described in Exhibit A, attached hereto, from the Owners of the real property interests identified in said Exhibit A; and
- WHEREAS, the County obtained either an appraisal(s) from a licensed real estate appraiser when the estimate of the damages from the County's proposed acquisitions of the real property interests described in said Exhibit A exceeds \$25,000, or the County obtained a minimum damage acquisition report from a qualified person with appraisal knowledge, in lieu of an appraisal, when the estimate of the damages from the County's proposed acquisitions of the real property interests described in said Exhibit A is under \$25,000; and
- WHEREAS, County must determine and submit an initial written offer of just compensation to the Owners of said needed real property interests covering the full amount of damages caused by the County's proposed acquisitions; and
- WHEREAS, the Owners of said real property interests may obtain an independent appraisal by a qualified appraiser of the real property interests which the County proposes to acquire for the Project; and
- WHEREAS, the Owners of said real property interests are entitled to reimbursement for the reasonable costs of the appraisal from the County up to a maximum of the limits stated in Minn. Stat. §117.036, provided the Owner submits to County the information necessary for reimbursement; and
- WHEREAS, the Carver County Board of Commissioners authorized the Public Works Division Director or agents under his supervision, to make initial written offers of just compensation to the Owners within the Project from whom property interests are required; and

WHEREAS, the Public Works Division Director or agents under his super	rvision, have negotiated settlement(s)
with the Owners impacted by the Project as described in said E	Exhibit A.

- NOW, THEREFORE, BE IT RESOLVED that County's acquisition of the real property interests described in said Exhibit A and the construction of highway and related improvements of shoulder widening and pavement improvements as part of the Highway 40 Project Belle Plaine Area constitute a valid public use or public purpose; and
- BE IT FURTHER RESOLVED that based upon the estimate of damages from the County's proposed acquisitions of the real property interests described in said Exhibit A which the County obtained either from an appraisal(s) or a minimum damage acquisition report(s) and the negotiations between said Owner(s) and the Public Works Division Director or agents under his supervision, County shall make a payment of compensation to the Owners within the Project from whom the County must acquire needed real property interests, in the amounts as described in said Exhibit A; and
- BE IT FURTHER RESOLVED that the Carver County Board of Commissioners hereby authorizes and directs the Carver County Board Chairman and Carver County Administrator to enter into Stipulation of Settlement Agreement with said property owner(s), in the name of the County of Carver for the Project.

Contract with Scott County SWCD - Soil and Water Conservation District for purchase of Wetland Credits for Hwy 212 Project					
Primary Originating Division/Dept: Public Works - Program Delivery	Meeting Date: 12/12/2023				
Contact: Darin Mielke Title: Deputy County Eng	gineer Consent				
Amount of Time Requested: minutes Presenter: Title:	Attachments: O Yes No				
Strategic Initiative: Connections: Develop strong public partnerships and connect people to services	and information				
BACKGROUND/JUSTIFICATION: The 2024 through 2026 construction seasons include the Highway 212 Project — Benton Township, which is the reconstruction and expansion of Highway 212 from approximately Highway 34 (Tacoma Avenue) in the City of Norwood Young America to Highway 36 (West) in the City of Cologne. As part of the project, wetland impacts can't be avoided and replacement wetlands are necessary. The Local Government Road Wetland Replacement Program will acquire wetland bank credits for amost all of the wetland replacement at no cost to the project. There is one small wetland area near to the Carver County Public Works relocated access road that will require the County to purchase wetland bank credits. The County is required to purchase wetland credits from an approved wetland bank to satisfy permitting requirements. Public Works staff identified two eligible wetland credit banks, and intends to purchase from the one with a more favorable price, which was the Scott County Soil and Water Conservation District. Carver County will purchase 0.34 acres of wetland credit for a price of \$21,396.20. ACTION REQUESTED: Motion to enter into an agreement to purchase wetland credits from Scott County SWCD (Soil and Water Conservation District) for \$21,396.20 for the Highway 212 Project - Benton Township, pending finalization of the contract review process.

Master Space Plan - Recommendations and Predesign Phase						
Primary Originating Division/Dept: Public S	Meeting Date: 12/12/2023					
Contact: Nick Koktavy	T:+Io. Assistant County Administrator	Item Type: <u>Consent</u>				
Amount of Time Requested: minu	tes Title:	Attachments: O Yes O No				
Strategic Initiative: Connections: Develop strong public partnerships and connect people to services and information						

BACKGROUND/JUSTIFICATION:

Over four years have passed since the County completed a space study. In that time, the County has seen significant changes which required a revisit of the initial plan and the reconsideration of the master plan recommendations. The most significant of these changes was the world-wide pandemic which shifted the County from a traditional in-office workplace model into an evolution of telework in many of our divisions and departments. With that change, the County had a desire to create a more universal vision for our hybrid work spaces.

Therefore, staff teamed up with architects from Leo A Daly to revisit and update the plan to reflect these new work conditions. At the September 5, 2023 work session, Cindy McCleary from Leo A Daly presented the findings and recommendations and sought input from the County Board. Below is a summary of the recommendations - by location:

- Government Center demo 600 and 601 buildings; construct new 2-3 story building; full remodel of 602 building; 604/606 minor refresh and build out in Sheriff's Office.
- HHS Behavioral Health seek building or land for replacement facility in Waconia; explore a family resource center.
- Former Encore Building use as swing space in short term; refresh for Extension or another purpose long-term.
- Public Works light interior remodel of office space; expand break room and sign shop; potential relocation of non-public works operations (e.g. Extension, bus, etc.).

County staff recommend that we build on the recommendations provided, focus on the Government Center as phase one, and start work on the predesign phase for the Government Center. Predesign would include two parts:

- Part 1 consists of staff and community engagement:
 - Conduct a public open house event to allow for neighbors and the greater community to learn about this
 project in more detail and develop a better understanding of what the goals are for the County. Also, this
 meeting will allow the community to voice input and concerns.
 - Conduct two staff open house meetings to ensure staff understand the goals of the project and have the opportunity to provide feedback.
 - o Develop digital presentation and up to three boards to be used at the public and staff engagement meetings.
 - o Conduct one leadership meeting to review the creation of a staff building committee to support part two.
- Part 2 consists of predesign services:
 - Architects and engineers will review existing infrastructure to develop predesign demolition narratives including interim or temporary operations during construction.
 - Conduct deep dive with divisions to develop a specific space program for each division and shared amenities for the campus.
 - o Develop concepts and final plan for organizing departments within the new space and the existing 602 building.
 - Refine preliminary cost estimates.

It is estimated that this work will take about six months to complete. Leo A Daly provided a quote of \$108,900 for this work.

Staff recommends that we continue to work with Leo A Daly. They completed previous work on the master space plan and keeping with them will provide efficiencies and smooth transition to the next phase.

ACTION REQUESTED:

Adopt the recommendations in the master space plan as guidance for the next planning phases and motion to enter into an agreement with Leo A Daly for predesign of the Government Center pending finalization of the contract review process.

Agenda Item:							
Purchase Agreement with Hennepi	in County Regional Railroad Authority						
Primary Originating Division/Dept:	Public Works - Parks	Meeting Date:	12/12/2023	110			
Contact: Marty Walsh	Title: Parks Director	Item Type: Regular Session	n 🔽				
Amount of Time Requested: 20	Attachments:	O v					
Presenter: Martin Walsh	Title: Parks and Recreation Director	Attachments:	○ Yes ○ No				
Strategic Initiative:							
Communities: Create and maintain safe,	healthy, and livable communities			~			

BACKGROUND/JUSTIFICATION:

Hennepin County Regional Railroad Authority (HCRRA) owns about 15 miles of a railroad corridor that it acquired from Chicago and Northwestern Transportation Company almost 40 years ago. The corridor has been improved with a limestone recreational trail, known as the Lake Minnetonka Regional Trail (LMRT). About 3 miles of the LMRT is located within the City of Victoria and Carver County (Property).

The conveyance of the Property from HCRRA to Carver County (County), and subsequently from the County to the Carver County Regional Railroad Authority (CCRRA), will advance the public interests of each those governmental agencies, and will further their common goals with respect to transportation, parks and recreation, and efficient real property management.

On July 21, 2020, the County Board authorized the County to enter into a Memorandum of Agreement (MOU) with HCRRA which outlined the terms and conditions of the transfer of ownership of the Property from HCRRA to the County. The County entered that Memorandum of Agreement.

Terms of the (MOU) have been reduced to a Purchase Agreement, which is agreeable to HCRRA and the County, and which condition the County's purchase of the Property upon the satisfaction and completion of the following terms and conditions by the County: 1) Approval by Board Resolution of the Purchase Agreement by the Board of Commissioners; 2) Completion of a physical inspection of the Property to identify any repairs needed on the Property; 3) Obtaining reliable cost estimates to complete the needed repairs; 4) The receipt of sufficient funds from the Metropolitan Council to cover the cost of the needed repairs; 5) Obtaining an appraisal of the Property to satisfy the application for funding from the Metropolitan Council'; and 6) Paying the purchase price of One Dollar and No Cents (\$1.00).

The County has conducted a title search. HCRRA satisfactorily corrected a gap in the title that the County found during the title search. County staff recommend that the County accept the condition of the title to the Property. The Purchase Agreement now requires the County to accept title to the Property "As-Is."

The Property has a restriction that runs with the land, and which permits the Property to only to be used for transportation purposes, including, but not limited to, light-rail, and pedestrian or public recreational trail purposes.

Should the Property ever be sold for other than a nominal consideration, the proceeds of the sale of the Property must be split equally (50/50) between HCRRA and the County or the CCRRA, in recognition of the financial investment that HCRRA expended to acquire and provide stewardship of the Property over the past 40 years, and the financial investment that Carver County or CCCRRA will expend to repair, manage, operate, improve, and provide stewardship of the Property in the future.

ACTION REQUESTED:		
Motion for Carver County to enter into a purcha	se agreement with HCRRA pending finaliz	ation of the contract
review process.

LEGISLATIVE PRIORITIES

2024

Where the future embraces the past in keeping Carver County a great place to live, work, and play for a lifetime.

LOCAL CONTROL POLICY

The Carver County Board of Commissioners supports local decision-making authority and opposes legislation that removes the ability for local elected officials to respond to the needs of its businesses and constituents or that restricts local decision-making authority.

Locally elected decision-makers hold the best position to determine what health, safety and welfare regulations best serve their constituents. Like State and Federal legislative leaders, local elected officials are held accountable through Minnesota's robust elections process. Ordinances at the local level are enacted only after a comprehensive, legal, and open process.

The public's access to local officials is much easier, as is attending local county board and city council meetings.

Counties are often laboratories for determining public policy approaches to the challenges that face residents and businesses. Preserving local control in our state has yielded widespread benefits such as the 2007 Freedom to Breathe Act, and an amendment to the Minnesota Clean Indoor Air Act.

2024 LEGISLATIVE PRIORITIES

I) ROAD AND BRIDGE

- 1.82nd Street Reconstruction Funding
- Revisit Greenhouse Gas (GHG) Emissions and Vehicle Miles Traveled (VMT) Impact Assessment Legislation
- Reduce Legal Fees for Property Owners and Local Government Around Public Transportation Projects

II) PARKS AND TRAILS

- 4. Support for Metro Parks and Trails
- 5. Support for Phases III Lake Waconia Regional Park

III) HEALTH AND HUMAN SERVICES

- 6. Mental Health: Adequately Fund Services
- 7. Targeted Case Management (TCM) Reform
- 8. MnCHOICES: Tiered Reassessment Methodology

IV) GENERAL GOVERNMENT

- 9. Employment Law and Labor Relations
- 10. Unfunded State and Federal Mandates
- 11. Metropolitan Council Governance Reform

*Item numbering is not a priority listing.

Provide Funding for 82nd Street Reconstruction

BACKGROUND

Chapter 72 – HF 669 of the 2023 legislature session laws included \$10 million in funding for the Highway 18 Community Connection project which has a total project cost of \$23 million.

The project will upgrade two miles of roadway from gravel to pavement between Bavaria Road and Highway 41 in Victoria, Chanhassen, and Chaska. A trail will be constructed on the north side of the road. A bridge will be constructed to traverse the ravine near Highway 41, which allows for a grade separated pedestrian crossing and ravine restoration. A roundabout will be constructed at the west end of the project at Bavaria Road.

Chapter 72, Article 1, Section 16, Subdivision 10 awarded Carver County or the Cities of Victoria, Chaska, and Chanhassen \$3,760,000 in GO Bond for property or permanent easement acquisition, predesign, and design, of construction of improvements to Carver County State-Aid Highway 18, known as West 82nd Street, from Bavaria Road to marked Trunk Highway 41. This project includes cross streets, off-street trails, a bridge over a ravine and trail, and utility relocations, installations, and connections.

Chapter 72, Article 2, Section 7, Subdivision 5 awarded Carver County or the Cities of Victoria, Chaska, and Chanhassen \$6,240,000 in General Funds for property or permanent easement acquisition, predesign, and design, of construction of improvements to Carver County State-Aid Highway 18, known as West 82nd Street, from Bavaria Road to marked Trunk Highway 41. This project includes cross streets, off-street trails, a bridge over a ravine and trail, and utility relocations, installations, and connections.

Unfortunately, neither grant is eligible for actual construction work due to the final wording included in the legislation. This was an oversight when the second grant (\$6.24M) was awarded.

REQUESTED POSITION

Carver County requests that Chapter 72, Article 1, Section 16, Subdivision 10 and Article 2, Section 7, Subdivision be amended to include construction as an eligible reimbursement expense of the law.

Revisit Greenhouse Gas (GHG) Emissions and Vehicle Miles Traveled (VMT) Impact Assessment Legislation

BACKGROUND

There was a new provision included in the Omnibus Transportation Finance and Policy Bill last session that would require an assessment of greenhouse gas (GHG) emissions and vehicle miles traveled (VMT) for all grade separated interchange projects and capacity improvement projects on the trunk highway system that are not in the Statewide Transportation Improvement Program (STIP) or have not submitted a layout to MnDOT for approval by February 2025. It would apply to capacity expansion projects, which are defined as major highway projects, with a cost of \$15M or more in the metro area and \$5M or more in Greater MN; and adds highway traffic capacity or provides for grade separation at an intersection, excluding auxiliary lanes with a length of less than 2,500 feet. If the project is not in conformance with the GHG and VMT reduction targets, there must be (1) a change in the scope or design of the project and a revised assessment must be performed, (2) interlink sufficient impact mitigation, or (3) halt the project development and disallow inclusion of the project in the STIP. The legislation also created a GHG Emissions Impact Mitigation Working Group, which started meeting in July and a report is due to the Legislature by February 2024. Counties are concerned with the accelerated timeline to achieve the working group's charge, and there are many other concerns with the language and what it means for local governments. Most capacity expansion projects are centered around a known safety issue that is being addressed, which should always be the priority. While studies show that the result of capacity expansion projects often leads to a reduction in GHG, that is not always the case with VMT. The mitigation options listed in the legislation will be challenging to achieve in some parts of the state and the language requires mitigation on a project-by-project basis, instead of on a statewide programmatic level as other states use. While the intent of the legislation is good, there are too many important factors that take time to develop and understand in order to meet the implementation deadline and this needs to be addressed.

REQUESTED POSITION

Carver County supports determining transportation greenhouse gas (GHG) emissions and vehicle miles traveled (VMT) impacts on a statewide programmatic level that considers the differences in mitigation opportunities throughout the state as well as extending the implementation date or deadline until effective evaluation tools can be developed. The county requests exempting projects that are being planned to mitigate known safety issues from GHG and VMT assessment.

Reduce Legal Fees for Property Owners and Local Government Around Public Transportation Projects

BACKGROUND

Carver County requests revisions to Chapter 117, Eminent Domain, to mitigate the legislation's unintended consequences. The 2006 revisions to the law resulted in a significant cost increase to taxpayers and property owners related to attorney's fees, as well as interest payments incurred by agencies implementing public transportation improvements. This places an unreasonable and unintended burden on transportation funding. The modest changes proposed below would give condemning authorities a chance to respond to new information that may come to light in the property owner's appraisal, possibly totally avoiding the need to acquire the property through eminent domain.

REQUESTED POSITION

Change the deadline for a property owner to provide their appraisal from 5 to 45 days before the Commissioners' hearing.

Support for Metro Parks and Trails

BACKGROUND

The 2024 portion of the Metropolitan Council's Regional Park CIP is based on the issuance of up to \$10 million of Metropolitan Council bonds to provide a 40% match to a 2020 State bond request of \$15 million. These result in a 2024 CIP requested total for the Metropolitan Regional Park System of \$25 million.

REQUESTED POSITION

Provide up to \$25 million for the Regional Park CIP for 2022 with \$15 million of State Bonds matched with \$10 million of Metropolitan Council bonds for a combined total of \$25 million for the Metropolitan Regional Parks System.

Support for Phase III Lake Waconia Regional Park

BACKGROUND

Lake Waconia Regional Park is a 160-acre Metropolitan Regional Park, minimally developed, and located on the second largest lake in the Twin Cities area. Carver County received past funding from the State for the phased development of Lake Waconia Regional Park.

In 2018, the County received \$1.5 million of state bonds for Phase I development, which included site grading, installation of municiple utility lines, and construction of roadways and parking lots.

In 2020, the County received an additional \$2.5 million of state bonds for Phase II development to construct a new waterfront pavilion with restrooms, concessions, and to make utility connections.

Carver County provided \$7 million, 70% of the project costs, in local funds towards Phase I and II developments.

REQUESTED POSITION

Provide \$3.264 million in State funds to predesign, design, and construction of a playground, parking lot, picnic shelter walkways and other site amenities at Lake Waconia Regional Park.

Mental Health: Adequately Fund Services

BACKGROUND

There are significant gaps and inadequate capacity in the statewide mental health system to service our Carver County residents, both children and adults. As a result, children are being boarded in hospitals or are sitting in detention settings and adults are languishing in the jail. For children, it has resulted in expensive placements outside of the State to meet their safety and high acuity, complex conditions but at the cost of being displaced from their community and support network. For adults, it has meant serious delays in treatment. Jails and hospitals are not the solution.

The State has the responsibility to be the safety net. Investments must be made to recruit and hire qualified State staff and develop specialized services.

REQUESTED POSITION

- Return bed capacity at State facilities to what it was a decade ago.
- Increase capacity and expand community services to support these individuals after discharge from State facilities.
- Service rates must be established to cover the actual service and staffing costs at all levels of the continuum.
- Incentivize providers to expand and grow programs that already exist.
- Require commercial insurance companies to cover mental health services like IRTS, day treatment, and prevention services like ARMHS.

Targeted Case Management (TCM) Reform

BACKGROUND

Targeted Case Management (TCM) funding is critical to a stable infrastructure to serve the most vulnerable in Carver County. This funding impacts adult and children's mental health, child welfare, and persons with disabilities who live in the community.

Minnesota Department of Human Services establishes and publishes annual rates for each county in mid-July to cover the period of July 1-June 30. The payment is typically half of the rate published as county's remain responsible for the federal medical assistance percentage. The payment rate is a per enrollee, per month for enrollees on Medical Assistance. The State does not fund those residents we serve that are not eligible for Medical Assistance and commercial insurance typically does not fund this work. In 2024-2025, the State will move to a 15-minute incremental billable methodology.

REQUESTED POSITION

- The State must create a fiscal floor that does not harm counties during the initial year.
- The State must establish a long-term rate without a cap that does not reduce the current reimbursement counties receive, covers counties' cost to do the work, and recognizes current workforce challenges in the industry.
- The State must work with counties to clearly define allowable services under TCM.

MnCHOICES: Tiered Reassessment Methodology

BACKGROUND

For many years, the State of Minnesota has attempted to revise the assessment tool that determines service and support eligibility for persons with disabilities or related conditions or older adults (those ages 65+). As the tool moved from a paper document to an electronic assessment (version 1.0) now to version 2.0, it has become clear that assessments are taking significantly longer to complete, and the system requires specialized, trained staff to understand the tool and navigate all the workarounds.

These lengthy assessments are challenging and time-consuming for residents to participate in and at times require multiple visits from the assessor. Many counties, including Carver, struggle to complete the work by State deadlines, given the additional time each assessment now takes and will take for the foreseeable future.

When a consumer is stable, doesn't want, and doesn't need a reassessment, they should be allowed the choice to forego a reassessment for one year. Knowing that if a change in condition occurs, an assessment can be requested and completed early. This would provide relief to a consumer. This change would address county workforce issues, reduce the assessment waitlist, and slow the need to add additional FTEs to complete this work.

REQUESTED POSITION

- Update MN Statute §256B.0911 to allow flexibility and a multi-tiered approach to reassessments.
 - Allow an assessment to be valid for up to two years for stable consumers.

Employment Law and Labor Relations

BACKGROUND

Minnesota statutory changes made during the 2023 legislative session impacted local government's ability to effectively manage its operations and workforce. Provisions imposed increased unfunded state mandates (with direct and indirect costs) and complex administrative requirements in the areas of employment law and labor relations, affecting ability to address and manage benefits and wages as affordable subjects of bargaining, and imposing provisions that reduce local government's ability to effectively manage workforce availability and deliver essential services.

REQUESTED POSITION

Maintain the ability of public sector local government to effectively manage its operations and workforce, including staffing levels, employee leave and benefits programs, and workforce management provisions through the following:

- Mandates Refrain from creating and instead reduce or eliminate increased state mandates
 regarding employment law, employee benefits, and labor relations matters, especially
 additional unfunded requirements with regard to direct and indirect costs and administrative
 burden.
- Earned Sick and Safe Time (ESST) Support adjustments to ESST provisions to ensure
 efficiency and flexibility for public employers providing earned leave programs, the aggregate
 value of which, exceeds minimum ESST requirements. Support adjustments that allow
 reasonable exceptions to ESST provisions to ensure adequate staffing for essential and safety
 sensitive positions. Support adoption of rules to clarify and streamline application of the new
 law.
- MN Paid Family Medical Leave (P-FML) Support adoption of provisions to cap the premium associated with P-FML to ensure this benefit remains affordable, and if necessary, reduce the level of benefit corresponding to available funding. Recognize the additional constriction this new unfunded mandate places on a strained workforce given existing challenges in staffing certain essential and public safety service areas. Support provision of paid leave during federal FMLA-qualifying events but allow exemptions from P-FML expanded leave provisions in these areas to avoid undue disruption to delivery of essential and public safety services to the public.

Employment Law and Labor Relations Continued.

- PELRA Streamline and reduce administrative burden and complexity of mandates requiring
 local governments to provide expansive reporting to unions as well as coordinate scheduling
 and manage various requirements (administrative, security, scheduling, logistics,
 communications) related to expansive union access mandates. Protect the private personnel
 data of public employees by defining parameters for union use and retention of data by unions.
- Staffing Ratios Support the repeal of "staffing ratios" in Minn. Stats. 179A.03, Subd. 19, and reversal of changes made in Chapter 53, Article 11, section 14 of Minnesota Laws of 2023, the scope of inherent managerial policy under Minn. Stats. 179A.07, subd. 1. Setting specific staffing levels for individual classes of employees through contractual agreements:
 - diminishes critical flexibility, efficiency, and affordability of government services;
 - promotes misalignment of staff workloads and allocation of resources over time;
 - diminishes the ability or prevents organizations from pursuing innovation, using new or different technology or methods, and sensibly reorganizing functions;
 - will result in establishment of ratios that will become ineffective and outdated as conditions change;
 - and may force counties to discontinue certain functions.

Unfunded State and Federal Mandates

BACKGROUND

Carver County opposes State or Federal mandates and costs without full and stable funding. These unfunded mandates unfairly shift financial responsibility to counties.

Examples of more than \$1.7 million in annual, unfunded mandates/funding shifts with the estimated cost to Carver County residents include:

- Unfunded children's mental-health case management services (non-medical assistance) = \$400,000
- Unfunded adult mental-health case management services (non-medical assistance) = \$115,000
- "Does Not Meet Criteria" notification from State operated facilities = \$324,000
- After-hours coverage as the State "Safety Net" for adult and child protection/mental health crisis = \$350,000
- Civil commitment pre-petition screening process = \$200,000
- Publication of financial statements, County Board meeting minutes, and budget hearing notices = \$15,600
- Providing Federally mandated health benefits to pre-trial inmates = \$100,000
- Various public safety mandates, including emergency management planning and training; 911 dispatch training and equipment requirements; and detention-related costs (underfunded transportation costs, inmate custody boarding costs, inmate programming and mental-health commitment costs) = \$150,000-\$200,000

REQUESTED POSITION

State or Federal legislation not accompanied with commensurate funding be revised or removed. Further, the State Legislature should pass legislation to sunset all county-level mandates, reviewing each legislative item to determine if it should continue or be eliminated. Finally, all legislation impacting local government needs to include a "local impact note" to determine if it increases local government costs.

Metropolitan Council Governance Reform

BACKGROUND

The Metropolitan Council was created to provide for the orderly development of the Twin Cities metropolitan area. It has the responsibility and authority to guide the region's growth and to provide important regional services. However, the council's role in managing growth and infrastructure, and directly operating regional services has changed dramatically over time. At the same time, the role of counties has also evolved.

Increasingly, counties have undertaken direct provision of regional services including hazardous and solid waste management, transit funding and transitway development, regional parks, regional highways, water resources planning and watershed management, greenway and bikeway development, farmland and open space preservation, the regional library system, fiber communications networks, and the 800 MHz radio network.

A regional approach is widely supported, as is the importance of regional collaboration. However, the Metropolitan Council, due to its taxing and policy authority, should be accountable to the residents and taxpayers of the Twin Cities metropolitan area that are impacted by its decisions. It should not operate as a state agency—as it does now—answerable to only the Governor.

The best way to ensure that the interests of all metropolitan area residents are represented is to have a preponderance of council members be locally elected officials. Such a council structure would meet federal guidelines to serve as the region's Metropolitan Planning Organization, a move encouraged by Federal Transit Administration (FTA) and Federal Highway Administration (FHA) and make the council directly accountable to the public.

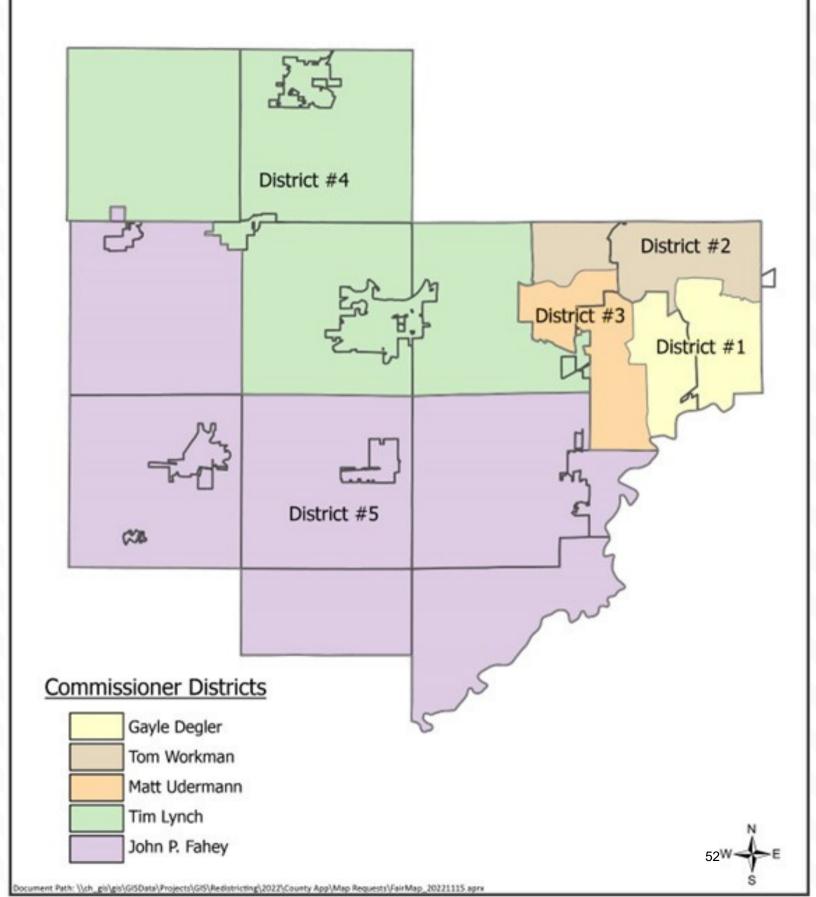

Metropolitan Council Governance Reform Continued.

REQUESTED POSITION

Reform the Metropolitan Council by changing its composition so that a majority of its members are elected officials and by requiring staggered terms for the council's members who are not elected officials. To affect the council's transformation, the following five changes should occur:

- 1. A majority of Metropolitan Council members shall be elected officials who are appointed from cities and counties within the region.
- 2. Metropolitan cities shall directly control the appointment process for city representatives to the Metropolitan Council.
- 3. Each of the seven metropolitan counties shall directly appoint their own representatives to the Metropolitan Council.
- 4. The terms of office of any Metropolitan Council members appointed by the Governor shall be staggered and not coterminous with the Governor.
- 5. The Metropolitan Council shall represent the entire region.

The following changes have been made t	o the Administrator's Recommo	ended 2024 Bu	dget Attachments:
Attachment B - Staffing Changes (no n	et impact on the 2024 property	tax levy):	
1. Increase County Attorney position	from 0.60 FTE to a 1.0 FTE- net	increase of 0.4	0 FTE (On 9/5/23, the County Board
approved temporarily funding this po	sition using one-time funds thro	u 12/31/23.)	
2. Fliminate two Land Records Senior	Specialists and add one Land R	ecords Analyst	nosition - net decrease 1.0 FTF

- 3. Eliminate a County Attorney Administrative Assistant and create a County Attorney Legal Administrative Assistant no change in FTE
- 4. Increase Employee Relations STOC pool and Library STOC pool

Attachment E - One Time Projects: (no impact on the 2024 property tax levy)

- 1. \$300k for Courtroom IT refresh was deleted from 2024 Atttachment E because that County Board approved the project on 9/5/23.
- 2. \$30k for Karpel additional implementation costs.

Within the 2024 Property Tax Levy and Budget Resolution, the Carver County Water Management Organization (CCWMO) levy and budget is included. The County Administrator's recommended CCWMO levy of \$953,429 is a 6.64% increase compared to 2023. Based on the increased tax base projected for 2024 this requested CCWMO levy increase will have a \$1.41 (4.2%) increase to the County WMO tax impact on the average value home.

Also within the 2024 Property Tax Levy and Budget Resolution, is a County staff recomendation to allocate \$3M of Federal ARPA funds to the cost of providing eligible government services in 2023.

Office use only: RBA 2023 - 9493

The Honorable Chair and Members of the Board of County Commissioners 600 East Fourth Street Chaska, MN 55318

December 12th, 2023

Dear Commissioners and Citizens of Carver County:

I am pleased to present the Recommended 2024 Budget.

The budget recommendations included in this document responds to fiscal challenges related to the tails of historic inflationary increases and a highly competitive labor market while continuing Carver County's history of providing a stable level of service to our citizens. The prudent decisions included within these budget recommendations are meant to continue our fiscal stability, personnel investments, and Carver County's decade long history of maintaining a AAA bond rating.

Economic benchmarks, including property market values and new construction, show improved growth from the previous year. For example, the County's \$455,000 average value home increased in value by 2.5% compared to last year. The 2023 budget recommendation captures the new tax base created from the new construction along with a 4.5% County tax impact on the average-valued residential property.

The 2024 Preliminary Budget totals \$242,380,145 which is a \$107,746,622 (80.03%) increase from 2023 Budget of \$134,633,523. The net increase is primarily the result of larger planned Road and Bridge construction projects for 2024 compared to 2023. The recommended 2024 levy increases by \$4,500,000 (6.8%) to \$70,143,855 compared to the 2023 property tax levy of \$65,643,855.

The County Board held a public hearing on the 2024 Budget on Tuesday, November 28, 2023. The Board is being asked to approve the final 2024 levy and budget on Tuesday, December 12th, 2023. The 2024 Budget Book will provide a broad overview of the budget, as well as narrative summaries for all county divisions and departments, elected officials, and programs and services that receive financial support from the County.

The Board is also being asked to approve the 2025 Long-Term Financial Plan on Tuesday, December 12th, 2023. The County uses the Long-Term Financial Plan along with the Annual Budget to connect financial strategies to the County's short-term and long-term strategic goals and

objectives. Long-term financial planning establishes a roadmap for funding significant capital projects, facilities, vehicles and equipment replacement, and significant operating budget financial challenges. The 2025 Long-Term Financial Plan will be used as a planning tool to prioritize significant capital projects and operating challenges beyond the 2024 Budget.

The 2024 Recommended Budget was developed over the past several months through staff meetings, Board work sessions and public hearings. The hard work County staff provided in assisting with the preparation of this budget should be acknowledged. In particular, division directors, managers, Employee Relations and Finance staff were instrumental in preparing this budget recommendation, and their assistance is greatly appreciated.

The Budget Overview that follows forms the basis of the recommended 2024 Annual Budget and is being submitted for review by the Board of Commissioners and citizens of Carver County. It includes the 2024-2023 budget comparison summary and budget strategies used to develop the preliminary budget. The updated summaries on revenues, expenditures, staffing changes, capital projects, and 5-year replacement plan for facilities, vehicles and equipment also factor into the final budget recommendation.

Thank you for your continued support and cooperation as we move toward completion of the 2024 Annual Budget process.

Sincerely,

David Hemze

County Administrator

Budget Overview

Budget Summary

The 2024 Recommended Budget totals \$241,147,964 which is an increase of \$106,514,441 from the 2023 Budget.

2022-2023 Budget Compa	rison	
	2023	2024
Revenue	Budget	Budget
Taxes & Penalties	\$76,770,368	\$89,176,998
Licenses & Permits	1,731,654	1,740,754
Intergovernmental	34,500,549	128,001,149
Charges for Services	15,787,010	16,828,520
Fines & Forfeitures	239,686	232,940
Investment Earnings	1,568,792	2,468,792
Other Revenues	3,710,405	3,930,992
Total Revenues	\$134,308,464	\$242,380,145
Expenditures		
Public Assistance	\$5,592,486	\$5,959,845
Personnel Services	88,582,534	96,503,126
Services & Charges	13,014,763	14,379,070
Material & Supplies	4,433,871	4,667,852
Capital Outlay	20,598,343	118,951,618
Debt Services	3,708,997	3,561,320
Other Expenses	(3,819,312)	(4,088,653)
Transfers	2,521,841	2,445,967
Total Expenditures	\$134,633,523	\$242,380,145
Reserves Used	\$325,059	-

This chart compares the revenue and expenditure amounts for 2024 and 2023.

The most significant changes in the 2024 Budget are in Taxes & Penalties, Intergovernmental, Investment Earnings, Services and Charges and Capital Outlay.

The increase in intergovernmental revenues, and capital outlay is primarily due to state and federal funds that were included in the 2024 Budget to finance Road and Bridge capital projects planned to start in 2024. The 2024 Road and Bridge Capital Improvement Budget increased by \$96 million compared to 2023.

Reserves Used in the 2023

Budget were planned cost increases for MNPEA union contracts that were funded by one-time COVID19 Budget Stabilization funds in 2023 which in future years will be reimbursed by City contract revenues for policing services due to the contractual one-year lag created by actual policing contract costs being collected from contract cities in the following year.

Strategies to Close the 2024 Budget Gap

2024 Budget Gap: Executive Summary (rounded)	
Tax Levy Increase	(\$4,500,000)
Salary and Benefit Projection	5,900,000
Attachment A: County-wide Levy Adjustments	(2,600,000)
Attachment A: Division Levy Adjustments	100,000
Attachment B: Staffing Changes	800,000
Attachment C: Capital Projects	100,000
Attachment D: Facilities, Vehicles, and Equipment Replacement	100,000
Attachment E: Redirect CPA from operating to capital	100,000
Budget Gap:	\$0
Attachment E: One time projects	\$10,600,000

Following the Board's direction to minimize the county's tax impact on the average-value home, the Recommended 2024 Budget was developed using the strategies that are summarized in the above chart and then described in the following paragraphs.

• Capturing tax base from new construction offsets the County's tax impact on the average value home.

The County Administrator's Recommended 2024 Tax Levy increase is \$4,500,000 which is a 6.8% increase over the 2023 Levy. However, by capturing the tax base from new construction the county's tax impact on the average value home is 4.5%.

• Invest in salary and benefits to remain competitive with the market.

The 2024 salary and benefits are projected to increase by \$5,900,000 compared to 2023. The salary projection is based on 2024 being the 2nd year of a 2-year contract for all unions.

 Analyze trends to identify revenue increases/decreases and areas for spending needs/cuts.

The budget process identified proposed changes in spending and revenue based on trends, best practices, and reprioritizing line-item spending.

The 2024 Budget identifies **\$2,600,000** in County-wide levy savings primarily from an increase in State County Program Aid and an increase in investment earnings.

The 2024 Budget also identifies a net levy reduction of \$100,000 in Division requests for trends and cost increases, as well as offsetting revenue for salary and benefit costs. See Attachment A for a summary of the recommended \$2,600,00 in County-wide levy savings and \$100,000 in net Division levy savings.

• Invest in staffing changes to respond to the growing demand for services.

The recommended staffing changes are funded by non-levy sources of \$674,000 and a **\$800,000** levy increase. *See Attachment B for recommended 2024 Staffing Changes*

• Fund new capital projects without increasing the property tax levy.

New capital projects have been funded with revenue sources that did not increase the County's property tax levy. These sources include federal, state, regional grants, and County Program Aid (CPA). Following past County Board direction an additional tax levy of \$100,000 is being allocated to the Road Preservation Plan in the 2024 Budget. See Attachment C for the list of recommended 2024 Capital Projects.

This recommended budget also includes one-time projects funded by \$10.6 million from Year-End Savings, Budget Stabilization Account and Debt Service reserves and \$810,000 in State County Program Aid (CPA). See Attachment E for the list of recommended 2024 Capital Projects funded by one-time redirected reserves and redirected CPA funds.

• Funding for a five-year schedule to replace facilities, vehicles and equipment.

Board direction in the County's Long-Term Financial Plan is to have a five-year schedule to strategically replace facilities, vehicles and equipment. The 2024 Budget recommends \$2,270,984 to replace facilities, vehicles and equipment, which is a \$250,300 increase from the 2023 Budget. The 2024 levy needed to fund these purchases is \$1,620,000, which is a \$100,000 increase from 2023. See Attachment D for the recommended 2024 facilities, vehicles and equipment replacement schedule.

	Item	Division Request	County Administrator's Preliminary Recommendation
County-wide:			
	Attachment C - 2023 Capital Projects - Road Preservation	(100,000)	(100,000)

BOARD OF COUNTY COMMISSIONERS CARVER COUNTY, MINNESOTA

Date:	December 12th, 2023	Resolution:
Motion by C	commissioner:	Seconded by Commissioner:

COUNTY BOARD ADOPTION OF THE 2024 BUDGET FOR CARVER COUNTY

WHEREAS, the annual operating and capital budgets (the "Budget") for Carver County, which have been prepared by division directors and reviewed by the County Board of Commissioners, provided the basis for determining the allocation of available County resources and the property tax levy of Carver County necessary to fund the various functions of Carver County for the coming year; and

WHEREAS, the Carver County Board of Commissioners has established the property tax levy for Carver County which serves as a major funding source for County operations and capital projects; and

WHEREAS, the budgets as reviewed and amended by the County Board of Commissioners are within all limits of the above-referenced levy as prescribed by law; and

WHEREAS, it is the stated purpose of the Budget to serve as a management tool for division directors and the County Board of Commissioners and sets the authorized expenditure limits for the 2024 budget year; and

WHEREAS, the Budget fulfills the County Board's direction to "connect financial strategies to the County's short-term strategic goals and objectives"; and

WHEREAS, the revenue and expenditure budget totals by fund are set forth below:

2024 CARVER COUNTY BUDGETS

	REVENUE	EXPENDITURE
General Revenue Fund	\$68,814,885	\$68,814,885
Road and Bridge Fund	12,198,038	12,198,038
Health and Human Services Fund	38,926,011	38,926,011
Opioid Remediation Fund	32,594	32,594
Buildings CIP Fund	883,886	883,886
Road & Bridge CIP Fund	115,491,804	115,491,804
Parks & Trail CIP Fund	1,614,699	1,614,699
Debt Service Fund	3,414,920	3,414,920
County Ditch Fund	58,131	58,131
Self-Insurance Revolving Fund	<u>945,177</u>	<u>945,177</u>
Total County	\$242,380,145	\$242,380,145
Carver County Water Management	1,013,429	1,013,429
Organization		
Total Combined	\$243,393,574	\$243,393,574

NOW, THEREFORE, BE IT RESOLVED by the Carver County Board of Commissioners that the 2024 operating and capital budgets are hereby adopted and placed on file in the Carver County Auditor's Office.

BE IT FURTHER RESOLVED, individual Division Budgets cannot be exceeded in total.

BE IT FURTHER RESOLVED, that the County Board will continue to commit the total fund balance of the Other Post Employment Benefit ("OPEB") trust, held in an Irrevocable trust account with the Public Employees Retirement Association ("PERA"), reported in the Other Post-Employment Benefits Internal Service Fund.

BE IT FURTHER RESOLVED, any adjustments to the approved budget, requested by originating departments, can be approved by the Property & Finance Division Director after review for adequate transfer of existing budget or addition of new revenue sources.

BE IT FURTHER RESOLVED, capital expenditures that have been itemized in the 2024 budget when purchased must conform with State Statute 471.345 as amended. Further, in accordance with County Policy, any capital expenditure (object code 6600's) greater than \$25,000 must have prior County Board approval for purchase. Items classified as building improvements (code 6640) which are needed on an emergency basis may be purchased without prior Board approval, but subsequent Board ratification will be required.

BE IT FURTHER RESOLVED, all position changes which are itemized and approved in the 2024 budget will not be required to be brought before the County Board for prior approval to fill. All salary and benefit issues will be funded and accounted for on a full accrual basis in accordance with GAAP.

BE IT FURTHER RESOLVED, that the County Administrator is delegated the authority to fill newly created classifications or remove incumbents from existing classifications which are eliminated within this budget on a timeframe within year 2024 as deemed appropriate by the Administrator.

BE IT FURTHER RESOLVED, the County Sheriff and County Attorney are authorized to expend funds from their respective contingency accounts for the purpose of travel to secure suspects, prisoners or other individuals at odds with the justice system upon presentation of a properly executed claim form to the Finance Department.

BE IT FURTHER RESOLVED, that the County Administrator is authorized at his discretion to expend County funds prior to board approval for purchases within an approved budget line item to qualify for a cash discount from early payment.

BE IT FURTHER RESOLVED, the 2024 budget is adopted on a GAAP basis by fund at the function level for the General Fund and the Special Revenue Funds; for the Capital Projects Funds the 2024 budget is adopted by the life of the project and remaining balances shall be carried over from the prior year and for the Debt Service Fund according to bond commitments. Budget appropriations for operating funds can be extended to a subsequent year upon approval of the County Administrator.

BE IT FURTHER RESOLVED, the Finance Department is directed to allocate \$3 million in Federal ARPA funds to pay for the cost of eligible government services in 2023.

BE IT FURTHER RESOLVED, the Carver County Board of Commissioners commits to the creation of the CDA Housing Projects Account, defined under the committed fund balance classification in the amount of \$3 million, and whereas such funds cannot be used for any purpose other than CDA Housing Projects: Carver Place, Carver Oak Senior, and Trails Edge Senior, unless the Board adopts another resolution to remove or change the constraint.

BE IT FINALLY RESOLVED, that copies of this resolution and individual division budgets be forwarded to Division Directors of Carver County.

YES	ABSENT	NO

STATE OF MINNESOTA COUNTY OF CARVER

I, David Hemze, duly appointed and qualified County Administrator of the County of Carver, State of Minnesota, do hereby certify that I have compared the foregoing copy of this resolution with the original minutes of the proceedings of the Board of County Commissioners, Carver County, Minnesota, at its session held on the 12th day of December, 2023, now on file in the Administration office, and have found the same to be a true and correct copy thereof.

Dated this <u>12th</u> day of December, 2023.

EXECUTIVE SUMMARY

This 2025 Long Term Financial Plan, (the "Plan") along with the 2024 Annual Budget, fulfills the County Board's direction to "connect financial strategies to the County's short and long-term strategic goals and objectives." The Plan is not a budget but rather a non-binding assertion of future intent. Ideally, individual elements of the Plan will be systematically rolled forward each year until they are brought into the Annual Budget process for approval and implementation.

The Plan focuses on the four areas which will significantly impact future property tax levy and budgets:

- A. Capital Improvement Plans (CIPs) for New Capital Projects
- B. Five Year Replacement Schedule for Facilities, Vehicles and Equipment
- C. Bond Sales and Debt Service
- D. Personnel Costs

A. Capital Improvement Plans (CIPs) for New Capital Projects:

CIP Revenue Summary:

County $\frac{1}{2}$ **cent Sales Tax:** In 2017, the County Board approved a $\frac{1}{2}$ cent sales tax that generates \$9 - \$10 million annually for County road and bridge projects.

Wheelage Tax: In 2017, the County Board increased the wheelage tax to \$20 effective January 1st, 2018 which annually generates approximately \$1.9 million from auto and motorcycle license renewals for County road and bridge projects.

Request for State Bonding: The 2018 Legislature approved a \$1.5M grant from the State which was matched with \$1.5M in County funds for a \$3M Phase I Infrastructure project. The 2020 Legislature approved \$2.5M for a \$5M Phase II Waterfront Service Center with a 50/50 local match in County funds. A County priority for the 2024 Legislature is a \$6.528M Phase III Additional Amenities project with a 50/50 local match in County funds.

Road & Bridge Tax Levy: In 2016, the County Board directed that the tax levy for road and bridge annual maintenance be increased \$100K for the next 10 years to eventually provide an additional \$1M to finance the County's Road Preservation Plan by 2025. Accordingly, the 2024 Budget includes a \$2.59M tax levy for road and bridge maintenance which is an increase of \$100K compared to 2023.

State, Federal and Local funds: New road and bridge construction projects are financed from the Minnesota Highway Users Tax Distribution Fund (Fuel Tax, License Fees and Motor Vehicle Sales Tax), Sales Tax on Leased Vehicles, as well as Federal and State grant programs, City funds, and proceeds from County Bonds. The 2023 Legislature created a new Transportation Advancement

Account for Active Transportation, Road Preservation and Transit. County Public Works staff are in the process of updating and prioritizing future road and bridge projects in anticipation of the increase revenue approved by the 2023 Legislature.

State County Program Aid ("CPA"): The Recommended 2024 Budget has \$1.1 million in 2024 CPA that is not allocated to the operating budget. \$810,000 is being directed to fund one-time capital projects listed on 2024 Budget Attachment E and the remaining \$295,000 will be directed to the CIPs according to the percentages below:

50%	Road & Bridge CIP	\$147K
25%	Park & Trail CIP	74K
<u>25%</u>	Building CIP	<u>74K</u>
100%	Total State CPA to CIPs	\$295K

State Sales Tax Parks and Trails "Legacy Funds": The 2008 State Legislature increased the State sales tax and allocated a portion of the new revenue to expand parks and trails throughout the State. The County's share of these new funds is expected to be approximately \$550,000. These funds have been used as the local match to State & Federal grants for trail expansion projects and for the Lake Waconia Regional Park Phase I and II projects.

Metropolitan Council Reimbursement for Park Land Acquisition: The County expects 100% reimbursement from the Metropolitan Council for parkland acquisitions that are included in the County's Regional Park Master Plan. The reimbursement formula is currently on hold because the Met Council has determined that the current reimbursement process is not in compliance with IRS regulations. Met Council staff are researching alternative processes to reimburse counties for parkland acquisitions.

CIP Project Summary:

Buildings and Misc. CIP: This CIP includes one-time projects related to facilities maintenance, IT equipment, furnishing a new Chaska library in 2029 and expanding square footage from a Master Space Plan Study.

Roads & Bridges CIP: The County 2040 Roadway System Plan identifies \$900 million of road and bridge projects to meet the needs of the projected growth in population and employment by 2040. This includes \$560 million for County road and bridges and \$340 million for critical State highway projects.

Road and bridge needs include preservation (overlays), bridge replacement, safety enhancements (turn lanes, traffic signals, roundabouts, etc.), system expansion (added lanes), system connectivity (new roads and bridges), and reconstruction (rebuilding existing roads without adding lanes). A 6 year Road and Bridge Plan is in the process of being updated for 0.75% sales tax for metro

transportation as well as updated projections from the $\frac{1}{2}$ cent sales tax and increased wheelage tax which were approved in 2017 by the County Board.

The plan funds traditional preservation, bridge replacement and safety enhancement goals as well as partially fund high priority expansion, connectivity and other emerging regionally significant projects. The CIP identifies projects that are either traditional or development driven as the County has a cost participation policy that differs for each.

Parks and Trails CIP: This CIP focuses on sustainability projects to maintain the County's existing park and trail system as well as the next round of park and trail development projects. A comprehensive list of parks and trails maintenance projects is being developed which may require additional funding resources above the current annual \$50K property tax levy in the 5 Year Replacement Schedule discussed below and \$74K CPA discussed above. Options to address a potential funding gap will be developed by the Park Board and County staff.

B. Five Year Replacement Schedule for Facilities, Vehicles and Equipment

This Plan includes a five-year replacement schedule for Facilities, Vehicles and Equipment based on division requests for 2025 thru 2029. These capital replacement requests will be rolled forward each year until they become part of current year Budget process. The five-year replacement schedule relies on a \$100,000 a year increase to the \$1.6 million levy over the next five years. The County Board has been supportive of this \$100K a year increase in levy dollars past budget years to create an orderly and scheduled replacement of County facilities, vehicles and equipment.

C. Bond Sales and Debt Service

A county-wide Master Space Plan is currently analyzing future space needs for county staff and services. A \$65M bond sale in 2028 is expected to finance the recommendations from the Plan.

Pay-as-you-go financing is the Board's preference for financing Park & Trail projects.

The 2025-2029 Road and Bridge CIP has been updated to reflect the additional funding from the ½ cent sales tax and wheelage taxes that were approved in 2017. Depending on the success of various State and Federal grant applications, County bonds may be necessary to provide matching grant dollars for high priority projects. Most of the projects in the Road & Bridge CIP are funded by external funding sources that have been secured.

D. Personnel Costs

Personnel costs are the largest and have been the fastest growing portion of the County's operating budget. As the County's tax base continues to expand, the County's workforce increases to serve the growing tax base. The Plan identifies strategies for addressing the two major drivers of personnel costs:

- 1. Requests for Additional Levy Funded Staffing
- 2. Employee Health Insurance

The County Board carries the ultimate budget authority. The <u>2024 Annual Budget</u> and the <u>2025 Long Term Financial Plan</u> are expected to be approved at the December 12, 2023 County Board meeting.

I. CAPITAL IMPROVEMENT PLANS

A Capital Improvement Plan (CIP) is created to provide a stable and sustainable road map for funding future capital projects. Financing and developing capital projects often take several years due to the increasingly complex financial and regulatory environment. A CIP ensures a long-range perspective for capital projects and provides for efficient project tracking from their inception to construction.

By design, a CIP is fluid because future priorities can change dramatically based on current circumstances. Thus, projects listed for the next year go thru the annual budget process, whereas projects listed beyond the next year are placeholders.

The County's CIPs have been developed by prioritizing a list of capital projects based on the estimated earliest year needed. The estimated total project cost is listed and includes construction costs, soft costs (engineering, legal, administration), and contingencies. An inflation factor is added based on the number of years before the project is estimated to start. Funding sources are also identified. At the bottom is a summary of the projected fund balance for future years based on the timing and cost of the projects and the estimated funding sources. Projected deficits in future years indicate that additional funding needs to be identified and/or capital projects need to be pushed back until the necessary financial resources are available.

Carver County has three CIPs:

- Buildings & Misc. (including furnishing Libraries) Fund #30
- Roads & Bridges Fund #32
- Parks & Trails Fund #34

A. BUILDINGS & MISC. CIP - Fund #30

This CIP finances a comprehensive list of building and miscellaneous capital projects for:

 Facility remodeling projects and building improvements including new carpet, roofs and parking lots. Technology projects for data centers, fiber ring, network closets and similar technology hubs.

County staff has a funding plan for the above projects in the Buildings CIP except for a \$1.2 million parking lot replacement project in 2026 and furnishing a new Chaska library in 2028. Further analysis is expected to identify additional revenue sources and/or capital projects will be delayed so the parking lot replacement is fully funded for the 2026 annual budget and furnishing the new Chaska library is fully funded for the 2028 annual budget.

The preliminary results from a Master Space Plan identified a \$65M Government Center Building project in 2028. A 2028 bond sale is the expected funding source for this project.

Please see the Buildings & Misc. CIP the next page for further details.

B. ROADS & BRIDGES CIP - FUND #32

The Road & Bridge Capital Improvement Plan (CIP) Fund accounts for capital projects that relate to county roads, bridges and signage, including new construction, replacement, right-of-way acquisition, and professional service fees.

Carver County has established an ongoing program for the planning of future Road and Bridge projects through the long-range Roadway System Plan (RSP) and short-term Capital Improvement Plan (CIP).

Developing and financing road and bridge capital projects often take several years due to the increasingly complex financial and regulatory environment. The CIP includes the current budget year (2023) which is included in the 2024 Annual Budget and the following 5 years (2025-2029) which are included in the 2025 Long-Term Financial Plan.

The CIP includes goals for Preservation, Safety, Bridge Replacement, Reconstruction, Connectivity, and Expansion. Traditional funding is aimed at the preservation, safety, bridge, and existing highway reconstruction needs, with any remaining and new funds going to new road connections and expansions.

The 2025-2029 CIP continues to fund preservation, safety and bridge replacements, and also funds high priority reconstruction, expansion and connectivity projects. High priority projects include regionally significant projects on the state highway system as well as the county highway system. Funding projects on the state highway system has become increasingly necessary given the importance of these routes and lack of investment in them by MnDOT.

CIP projects are selected using the following 10 Prioritization Criteria where possible along with input from regional partners:

- Safety Benefits (Measures crash rate and frequency and if route has high risk.)
- Congestion (Measures volume/capacity.)
- System Relief (Measures future traffic demand.)
- Significance of System (Measures functional class and connections to jobs, economic growth areas, transit service and accounts for physical barriers like rivers, railroads.)
- Multimodal Connections (Measures transit and trail importance.)
- Roadway Condition (Measures pavement condition, age, structural capacity, and geometric deficiencies.)
- Freight Needs (Measures heavy commercial truck volume and if the roadway connects to large industrial areas.)
- Funding Availability (Measures how many funding opportunities exist.)
- Project Readiness (Measures level of project development.)

 Community Support (Measures if the project is supported/requested by a city.)

As shown on the following map and tables, the recommended Roads & Bridges CIP:

- Allows for funding at traditional levels for preservation and safety.
- Allows for key bridges to be replaced if CPA and State Bridge Bonds are available
- Funds County match on federal projects
- Funds County contribution to State projects
- Anticipates \$100,000 County levy increase in both 2024 and 2025 for the 20-year Road Preservation Plan.

Please see the Roads and Bridges CIP summary on the next page for further details.

C. PARKS &TRAILS CIP - FUND #34

The county regional park system faces tremendous challenges to redevelop aging infrastructure, develop its park areas, and implement a vision which secures new areas as identified in county and regional planning documents. Development and redevelopment of our parks system is a continuing process through our partnership with the Metropolitan Council. The County advance funded the land acquisition for Lake Waconia Regional Park. Advanced funding is to be repaid to the County in future Metropolitan Council capital improvement budgets. As the County is reimbursed for past land acquisitions, this will create new opportunities for land acquisition that will preserve conservation and recreation space for the future. Other possible acquisition areas are shown on the County's Comprehensive Plan.

Since 2010, Carver County has constructed 14 miles of paved trail within park areas and regional trails. Funding is planned to maintain trails surfaces at regular intervals to maximize the pavement life.

PARK DEVELOPMENT CAPITAL PROJECTS

The County's Park Board and staff are prioritizing the following development projects and exploring various options to bring additional resources to the County's Park & Trail Capital Improvement Plan.

Lake Waconia Regional Park

County Staff partnered with the Minnesota DNR to develop a boat access consistent with the Lake Waconia Regional Park Master Plan. The DNR acquired the land and paid for building the boat access. Carver County provides maintenance operations seamless with the surrounding park property.

In 2018, the State Legislature approved bonding of \$1.5M which was matched with \$1.5M of County funds for a \$3M water, sewer and stormwater utility, site grading, roadway and parking lot construction project that was completed in 2020.

A \$5.0M Phase II Waterfront Service Center project with a 50/50 State and County match was approved by the 2020 Legislative.

A County priority for the 2023 Legislature is a \$3.264M grant for a \$6.528M Phase III Additional Amenities project with a 50/50 local match in County funds.

Lake Minnewashta Regional Park

Land previously occupied for parking at a second boat access will be made available for large group activities to help separate group usage from family and casual users thereby reducing conflict in general use areas of the park.

Emerging needs include the replacement of the playground equipment. The existing equipment is approaching 20 years old. There have been numerous repairs made and visibly the equipment is showing signs of wear and tear. Other enhancements being

contemplated include lighting for the trail system, development of group camp site, swim pond for dogs, and repurposing the caretaker house for recreation activities.

Baylor Regional Park

Longer term objectives of remodeling the park visitor center, upgrading electrical service to campsites, considering a splash pad instead of a swimming beach due to poor lake water quality are emerging ideas to improve customer satisfaction with the park.

Please see the Parks and Trails CIP summary on the next page for further details.

II. VEHICLES, FACILITIES AND EQUIPMENT REPLACEMENT

The Administrator Recommended 2024 Budget includes \$1.6 million in levy funding to replace facilities, vehicles and equipment which is a \$100,000 increase from the 2023 Budget. This Plan includes a five-year replacement schedule for Facilities, Vehicles and Equipment based on division requests for 2025 thru 2029. These requests will be rolled forward each year until they become part of current year Budget process. The five-year replacement schedule relies on a \$100,000 a year increase to the \$1.6 million levy over the next five years. The County Board has been supportive of this \$100K a year increase in levy dollars to create an orderly and scheduled replacement of County facilities, vehicles and equipment.

See Attachment B-5 and B-6 for the 5-year replacement schedule.

III. Bond Sales and Debt Service

A \$65M bond sale in 2028 to fund the Government Center Project in the Master Space Plan is estimated to have annual debt service of \$4.2M. The 2025 Budget includes \$1.2M in property tax levy that has been redirected after paying off previously issued debt. Plus, an additional \$2M in property tax levy will be available in 2030 once previously issued debt is paid off. County staff recommends increasing the property tax levy by \$250,000 each year for the next four budget cycles to accumulate the \$4.2M property tax levy needed to pay the debt service for a \$65M bond sale.

Pay-as-you-go financing is the Board's preference for financing capital project. However, the timing and scope from furnishing a new Chaska library in 2028 and significant Road & Bridge projects could result in another bond sale to fund these projects.

Please see the Debt Service schedule below for more details.

IV. Operating Budget

The most significant cost driver for future operating budgets is the staffing costs needed to address the increasing service demands from a growing county along with increasing regulatory and compliance mandates. Thus, key financial strategies have been developed to focus on three issues related to personnel costs:

A. Requests for Additional Levy-Funded Staffing

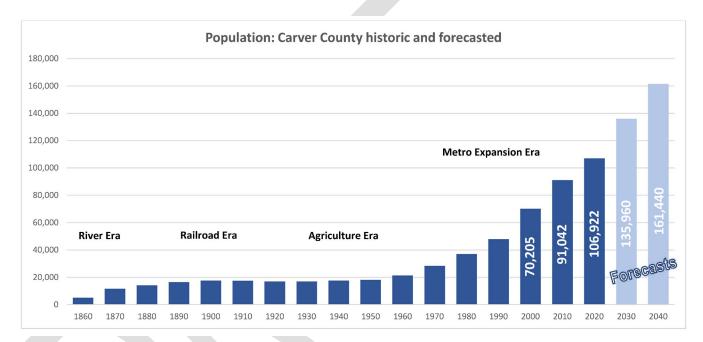

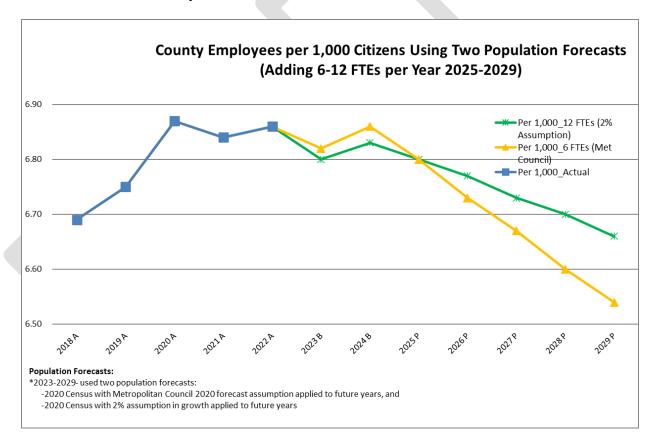

Chart #1 shows the dramatic forecasted increase to 161,020 residents by the year 2040. The County's primary strategy to finance increasing service demands from population growth is to hire additional Full-Time Equivalent (FTE) employees at a slower rate than the County's overall growth by:

- 1. <u>Leveraging technology to gain staff efficiencies</u>: An extensive list of technology projects throughout the County are expected to increase staff efficiencies along with a focus on LEAN/Kaizen/Rapid Improvement events which has emerged as a successful tool to increase workflow efficiency.
- Collaborating with other organizations to enhance service delivery, increase
 efficiencies, and eliminate duplication of efforts: In 2008, the County created
 the Association of Carver County Elected Leaders (ACCEL) to facilitate this
 effort. For 2012, this association was expanded to include appointed city
 administrators/school superintendents.

3. <u>Implement pay-for-performance that rewards performance</u>: The long-term plan to transition employee groups from a legacy step pay model to a pay-for-performance model was completed for the non-bargaining employees and eleven bargaining units in 2021.

The FTE Per Thousand Residents graph below county FTEs to County residents from 2018 thru 2029. The graph starting in2025 projects a downward trend of FTEs per thousand residents if the County adds 6 FTEs each year based on the Met Council's population growth assumption or adds 12 FTEs each year based 2% population growth continuing thru 2029. This projection range of 6 – 12 additional FTEs over the next 5 years provides a high-level planning benchmark for future operating budget's most significant cost driver. However, this high-level projection could change dramatically during the annual budget process due to future circumstances that are often outside of the County's control.

B. Employee Health Insurance

When the County went out for health insurance bids in 2007, only one major health insurance carrier offered a bid and two major carriers indicated they would not bid for the County's future business until the County provided consumerdriven health insurance options to its employees. In response, the County developed the following strategies:

1. Plan Design: Consumer-Driven Models

The latest trend to attempt to slow health care costs is to give consumers more choice in their health care which is commonly referred to as "consumer-driven health plans." In 2009 & 2010, the County Board approved the recommendations of the Health Care Labor Management Committee and created incentives for employees to migrate from the legacy Plan A to: a new "Plan B" – a high-deductible HRA which shares risk with the employee in exchange for lower premiums; an improved Plan C – a Tiered Network where clinics/hospitals with higher care ratings have lower deductibles; or a high-deductible HSA Plan D. The Board also created a cafeteria plan to provide employees with more benefit flexibility.

2. Education/Wellness

Estimates have calculated that up to 65% of health care costs relate to poor lifestyles choices: what we eat, smoking, alcohol and drug use, lack of exercise, etc. In 2008, the County Board approved the creation of the Health Break Team to create a healthier culture at the County. Employee awareness, participation and support for the various Wellness programs and activities have been growing and are expected to continue in the future.

3. Health Incentive Plan

Beginning in 2012, the County Board approved the Health Break's Team recommendation for \$100 incentive for employees who participate in the Health Incentive Plan by completing basic Wellness tasks: Biometrics, Health Assessment, Preventive screenings, and a dentist visit.

The County is required by statute to issue a health insurance request for proposal ("RFP") every 5 years. In 2021, the county issued a health insurance RFP which resulted in a 12% premium increase for 2022 with a 12% rate cap increases for 2023 and 2024. The 2022 increase was significantly different than the great news from health insurance RFP process for 2012 and 2017 where premiums decreased on average 2% and 14%, respectfully, and the County had single digit % rate cap increases from 2017 – 2021 due to very competitive bidding in 2011 and 2016. County staff will be issuing a health insurance RFP in 2024 which will be implemented in 2025.

Carver County Regional Rail Authority

\$214,248

\$214,248

NOW, THEREFORE, BE IT RESOLVED by the Carver County Regional Rail Authority Board that the 2024 budget is hereby adopted and placed on file in the Carver County Property Tax Office.

BE IT FURTHER RESOLVED, funds are hereby appropriated for the execution of the aforementioned 2024 budgets.

BE IT FURTHER RESOLVED, budget cannot be exceeded by category for any fund.

BE IT FURTHER RESOLVED, any adjustments to the approved budget, requested by originating departments, can be approved by the Property and Finance Director after review for adequate transfer of existing budget or addition of new revenue sources.

BE IT FURTHER RESOLVED, capital expenditures that have been itemized in the 2024 budget when purchased must conform with State Statute 471.345 as amended. Further, in accordance with County Policy, any capital expenditure (object code 6600's) greater than \$25,000 must have prior Regional Rail Authority Board approval for purchase. Items classified as building improvements (code 6640) which are needed on an emergency basis may be purchased without prior Board approval but subsequent Board ratification will be required.

BE IT FURTHER RESOLVED, in recognition that the Regional Rail Authority does not maintain any staff and meets on an infrequent basis, the Carver County Board and staff are authorized to conduct Regional Rail Authority day to day business on behalf of the Regional Rail Authority including, but not limited to, the payment and approval of Regional Rail Authority claims and invoices, adjusting the annual fee schedule and signing contracts consistent with the authority delegated to County staff in the County's Administrative Policy Manual.

BE IT FINALLY RESOLVED, that copies of this resolution and individual division budgets be forwarded to division directors of Carver County.
