SHORELINE WORKSHOP

LAKE PLEDGE

Protect your lake. Stop aquatic invasive species.

Aquatic invasive species (AIS) can cause irreparable damage to native fish and plant populations affecting lake recreation, human health, property values, and the economy. Learn how to protect your lake from AIS.

Welcome to *Protect Your Lake* where you can help your lake be the best lake in Minnesota!

This program was developed in partnership with your lake association to help slow the spread of AIS into your favorite lake.

- Family friendly
- Learn how your activities may unintentionally introduce AIS to your lake
- Takes just a few minutes each week to participate
- Creates friendly competition between your neighboring lakes

Start this free program today – fill out the form on this page and click continue.
