

Construction Update

Minnesota River Bluffs Regional Trail Connection

Construction of the MN River Bluffs Regional Trail is expected to start soon! Tree clearing was completed in the spring and remainder of **the project is scheduled to be constructed this fall**. Construction work will include heavy equipment, gravel placement, paving, planting, and trail signs.

Project Timeline

Project FAQ

How can I stay informed about construction?

Sign up for email updates at the website or QR code shown below. Updates will be emailed out regularly during construction. There will not be future paper mailings unless requested.

Why is the trail being built?

Fills one of the last gaps on the MN River Bluffs Regional Trail System making connections to Carver, MN Valley National Wildlife Refuge, Engler park and ride, Downtown businesses, Athletic Park, and future Creek Road Trail (SW Regional Trail).

Where is the trail being built?

The trail will be installed along the former C&NW Railroad property through downtown Chaska and along Hwy 61/Chaska Blvd (see map on the back).
