Carver County Health and Human Services

602 East Fourth Street Chaska, MN 55318

Dear Parents:

Your family childcare provider's license is currently being evaluated for license renewal. We are asking that you complete a survey as part of the licensing process, we are required to have parent evaluations completed by parents who have or have had children receiving care in the provider's home. These evaluations are randomly sent to families listed on this form. Issues, concerns or potential rule violations raised on the parent evaluation will be discussed with the provider and may be logged as a complaint. If you would like to contact Carver County Licensing directly please do so at (952)-361-1714 or e-mail Licensor Tristin Sprengeler at Tpsprengeler@co.carver.mn.us.

We ask that one parent from each child in care please fill out your name, email address, and sign where indicated. It is important to note, that we must have your signature so that we know you have received this information.

Name	E-mail Address:	Signature

If additional space is needed, Please make copies.

Child Care Provider: _

*** This Form will be due back to Carver County when you return your annual paperwork. ***
