A Regular Session of the Carver County Board of Commissioners was held in the County Government Center, Chaska, on October 3, 2006. Chair James Ische convened the session at 9:00 a.m.

Members present: James Ische, Chair, Gary Delaney, Vice Chair, Gayle Degler, Tim Lynch and Tom Workman.

Members absent: None.

Delaney moved, Lynch seconded, to approve the minutes of the September 26, 2006, Regular Session. Motion carried unanimously.

Under public participation, James Kuhl, San Francisco Township, voiced his concerns with the County operating an adult day care facility. He indicated he had been advised that Sojourn offered to set up a day care facility in the County and suggested the Board contact Sojourn related to their interest.

Kuhl noted the previous comments made related to the excess fees being collected in certain departments and believed these excess fees should go back into the operating budgets of the departments.

He suggested the County should get out of the business of septic system inspections. He stated as the County grows, the County should be looking to put systems in place to take advantage of the economies of scale. Kuhl also suggested that board actions should be signed by the division directors and the County look at publishing a residents directory.

Chair Ische read the Governor's proclamation recognizing the work done by the County's financial workers and case aides.

Community announcements were made by the Board.

Degler moved, Workman seconded, to approve the following consent agenda items:

Contract with Hildi Incorporated in the amount of \$5,000.

INSERT

Motion carried unanimously.

Sheriff Olson highlighted a case that came to their attention last year that resulted in a federal indictment. Olson pointed out the strong collaboration and working relationships between Federal, State and local law enforcement officials. Sheriff explained he, along with Secret Service Special Agent John Kirkwood, were present to recognize both Detective Hughes and Secret Service Agent Schulenberg for their work on this case.

Special Agent Kirkwood explained the background of the case and noted that Detective Hughes, seeing the case would have widespread jurisdiction, brought in their office to work the case together. He presented a plaque to Detective Hughes in recognition of his work and assistance. Sheriff Olson also recognized Special Agent Erich Schulenberg for the assistance and the valuable expertise he brought to the investigation.

Steve Taylor, Administrative Services, requested the Board appoint David Priem as the County's Veterans Service Officer. He reviewed the selection process and indicated Mr. Priem was the number one ranked candidate. Taylor summarized Priem's background and qualifications.

Degler moved, Delaney seconded, to appoint David Priem as Carver County's Veteran Service Officer, effective October 3, 2006, for a term expiring October 2, 2010. Motion carried unanimously.

COUNTY OF CARVER
PLANNING COMMISSION RESOLUTION

FILE #: PZ20060046

RESOLUTION #: 06-27

WHEREAS, the following application for a Conditional Use Permit has been submitted and accepted:

FILE #: PZ20060046

APPLICANT: Thomas Notch

OWNER: Thomas Notch

SITE ADDRESS: 10760 102nd St, Waconia

PERMIT TYPE: Contractor's Yard

PURSUANT TO: County Code, Chapter 152, Section 152.079 C10

LEGAL DESCRIPTION: See attached Exhibit "A"

PARCEL #: 09-026-0700

WHEREAS, said application was duly considered at a public hearing held by the Carver County Planning Commission at its regular meeting of September 19, 2006; and,

WHEREAS, the Carver County Planning Commission finds as follows:

1. Thomas Notch owns 5 acres of property located in the Southwest quarter (SW ¼) of the Southeast quarter (SE¼) of Section 26 of Waconia Township. The property is improved with a house with attached garage, and two sheds. The property is in the Ag Zoning District and the CCWRMA (Carver Creek).
2. The applicant is requesting a Conditional Use Permit (CUP) to operate a Contractor's Yard pursuant to Section 152.079 C10 of the Carver County Zoning Code.
3. The applicant's request meets the standards for a Contractor's Yard. Mr. Notch owns Deep Tine LLC, a business that performs deep aerification services for golf courses, athletic fields, and parks. His business operates in the spring from April 15 through June 15 and in the fall from August 15 through October 31. He has two employees that meet infrequently at the site. Equipment is generally moved from one job site to next and most routine maintenance is done at the job site. The business utilizes three pick-up trucks with trailers.
4. The applicant would like to build a 50' x 64' storage building which would be utilized primarily for storage of vehicles, equipment, and supplies. The building would have no plumbing or heat. Limited equipment and vehicle maintenance would be performed in the building in the off season.
5. The number of trips generated by the business would be 16-20 during the spring and 24-30 during the fall, which comes to approximately 40 to 50 trips per calendar year.
6. The applicant's site plan indicates new tree plantings to augment the existing screening. As drawn on the plan, it appears the new trees plus existing trees and shrubs will provide adequate screening for the area around the building. Vehicles will be stored outside on a short-term basis; all supplies and equipment will be stored inside the building.
7. The Waconia Town Board reviewed the request at their November 14, 2005 Town Board meeting and recommended approval, including approval of the location on a gravel road, with the condition that the applicant not expand beyond two employees without applying for a new permit. Mr. Notch attended a Town Board meeting on August 28, 2006, and approval was again recommended.

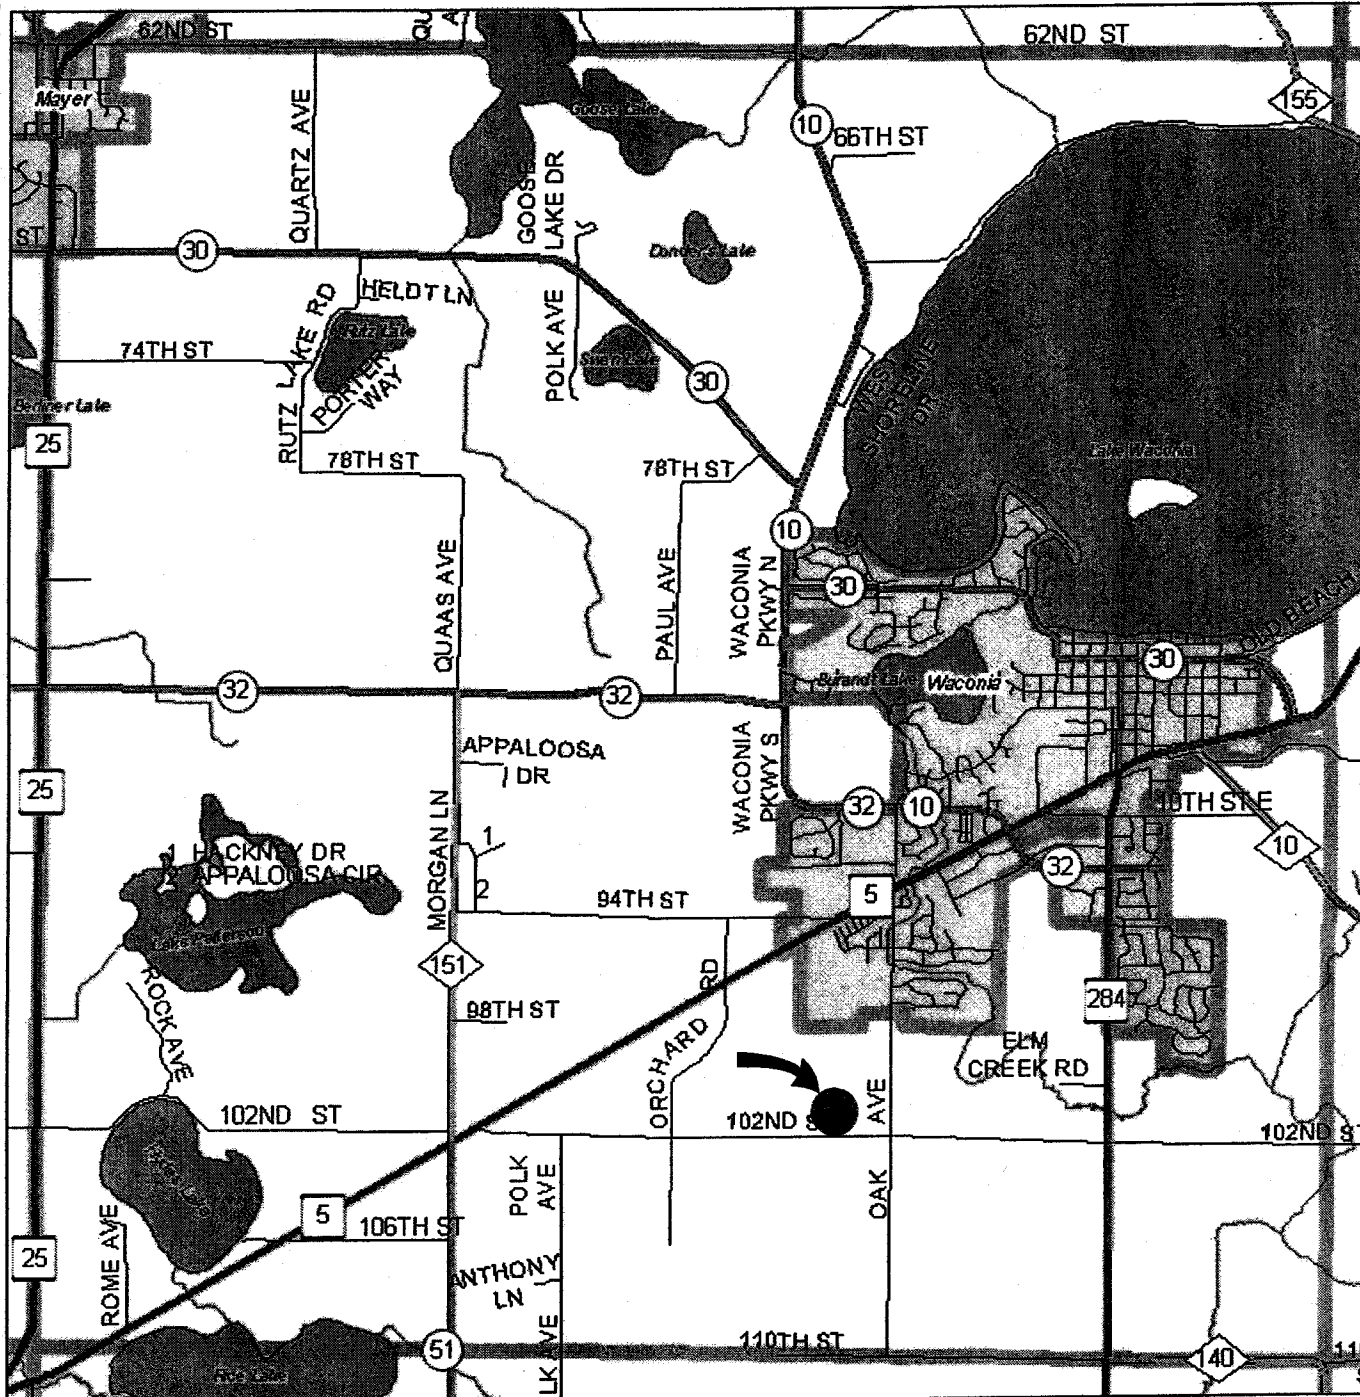

THEREFORE, BE IT RESOLVED, THAT The Carver County Planning Commission hereby recommends the issuance of the subject permit on the land described in Exhibit "A" of the permit application upon acquisition and homesteading of the property. The Planning Commission further recommends that the following conditions be attached to the permit:

1. The permit is subject to administrative review. A change in ownership, operations or operator shall be cause for the permit to be reviewed by Land Management for a determination as to whether an application for an amendment or similar consideration is necessary. Proposed owners and/or operators are encouraged to contact Land Management as early on in the timeline of the proposed change as possible.
2. The operation shall be in accordance with the submitted operational & site plans (dated: 8/12/06). These plans shall be attached to and become part of this permit.
3. Permittee shall obtain the appropriate building permit(s) and on-site sewer permits (if required) prior to the construction of the 50' x 64' structure. All structures used in conjunction with the contractor's yard operation shall meet the requirements of the Minnesota State Building Code.
4. Natural plantings as illustrated in the operational plan shall be established within the 2007 growing season. Trees/plantings shall be preserved and/or replaced if necessary. Permanent outside storage of vehicles and equipment shall not be permitted. No more than 3 business vehicles shall be permitted.
5. The Permittee shall contact the Environmental Services (E.S.) Department to obtain a Hazardous Waste Generator's License, or a Non-Generator's Certificate, as required.
6. Permittee shall submit a Certificate of Workers' Compensation Insurance and/or proper affidavit to the Land Management Department.

ADOPTED by the Carver County Planning Commission this 19th day of September, 2006.
